

Middle School Program Fall 2025

Weekly Schedule 4:00pm-6:00pm

MONDAY- Team-building Recreation

Students will learn strategic skills through the art of play and team-building activities.

TUESDAY- Robotics

Participants will learn and apply engineering design and teamwork skills while building robots using a VEX IQ robotics platform. *Will also meet Thursdays.*

WEDNESDAY- Book Club / Battle of the Books

Participants interested in BOTB will read books together and develop reading comprehension, English and ASL vocabulary and critical thinking skills.

THURSDAY- Girl Scouts and Robotics

Participants will develop leadership, teamwork and decision-making skills. Self-confidence will grow through public speaking, increased responsibility and goal accomplishment.
