

Huntingfield Millennium Green

The Millennium Green can be found up the steps from The Hub. We have a pétanque piste, picnic tables and benches.

Beyond, to the south lies a Wild Flower Meadow and community orchard containing rare varieties of apple, pear, plum and a quince. Ideal for a leisurely stroll in the midst of the beautiful Suffolk countryside.

To the north there is an exciting children's play area with a splendid zip-wire, swings, an adventure course, basketball hoop and 5-a-side pitch. The willow walk and parking for the disabled are located at the end of the green adjoining Brick Kiln Lane.
