Carpenter

Who are We?

Trim Landscaping is a full-service landscaping company that provides commercial and large-scale high-end residential and landscaping services in Nova Scotia. We are continually growing and are looking to add a Carpenter to our team! We have done many premier maintenance and design-build landscape projects like Argyle and Spring Garden streets, Queen's Marque and Peggy Cove's Viewing Deck.

Who are You?

A driven, trustworthy, hard-working team player with experience in carpentry, that is looking for a new opportunity and wants to help grow our business. You must be an advocate for safety, problem solver, be committed to working long-hours when needed and don't mind doing what needs to be done to get the job finished.

You must have at least 1-2 years of experience working in carpentry. Red Seal Certification would be considered an asset.

What will you do?

Day-to-day you will be working with a crew of carpenters with varied skilled and experience to produce a wide array of carpentry elements for our customers. You will work on a mix of design-build residential and commercial projects. You will report to a project manager for scheduling, quality, production, safety etc. You will work with our other skilled crews and subcontractors as they produce the hardscape, softscape, concrete and other elements of each project.

What do we Offer?

- Competitive wages
- A great team and family environment
- Participation in bonus program
- Health & Dental benefits
- RRSP matching benefits
- Training and advancement opportunities

Trim is an equal employer that is non-discriminatory. Please let us know if you require any accommodations when you apply.
