**MARITIME LANDSCAPE SERVICES LTD.**

## Looking to supplement your landscape business with a unique Tree Moving service?

**For the past 49 years, Maritime Nurseries Ltd. and Maritime Landscape Services Ltd have pioneered and led the way in providing large tree transplanting services for developers, golf courses and institutional clients in Nova Scotia and New Brunswick. The company has carried out large tree transplanting for most of the universities and colleges in Nova Scotia and New Brunswick including Acadia, Dalhousie, Saint Mary's, Mount Saint Vincent, The NS Community College in Halifax, St Fx, University of New Brunswick and Mount Allison. At St. FX, over 22 trees were moved over a 5-year period during a major campus renewal.**

Dalhousie University

Forest Lakes Country Club Hants County

## Objective

Maritime Landscape Services would like to close out its large tree transplanting division in 2023 and is looking for a buyer to carry on this unique tree service. For a landscape or arboricultural firm, it would be a great sideline business for anyone wanting to expand their business and bring an additional stream of seasonal income. The owner, Stan Kochanoff, a Registered Consulting and ISA Certified Arborist is also prepared to work with the buyer over a couple of years to ensure a smooth transition for this exclusive business.

**The company is offering to sell its Three Tree Spades. A TP 30 Vermeer Spade which mounts on a three point hitch tractor at least 50-70 HP which is capable of digging up to 3 1/2 inch / 90 mm, A Vermeer 44 TS Trailer spade powered by a similar HP tractor capable of digging up to 5 inch diameter trees and 84 inch Vermeer truck mounted Tree Spade on a Mack truck with the capability of moving a 10 inch diameter tree. The Mack truck has very low mileage, less than 55,000 km on the engine.**

The Mack truck spade truck had major maintenance work carried out in 2019 by a Vermeer Canada technician and is in good operational condition,. It's been inspected for 2033. There are also a number of large trees for sale on our tree farm should the new owner need large stock. We also work with Springvale Nurseries in Berwick and move some of their large trees. We have an inventory of Vermeer wire baskets and burlap liners that we can supply to the new owner as well.

**Interested in exploring the idea of adding additional income to your business, let's talk!**
