

## **AKL Landscaping is hiring!**

**Custom Design / Install, Creating outdoor living spaces.  
Heavy equipment, Hardscaping, and Helical piles.**

**Job Title:** General laborer with an opportunity to advance dependant on skill and experience

Looking for hard-working, motivated people with an eye for quality.

AKL works hard to create beautiful outdoor living spaces and we take pride in our work.

Our ideal candidate is a hard worker. Someone who is comfortable laboring while working toward advancement. AKL can provide training in a variety of areas to the right applicant. This includes but is not limited to heavy equipment operation. As our team grows we'll be looking to fill foreman and operator positions and we love to promote from within.

In short, we're looking for people interested in a career. It's that simple.

### **Qualities we're looking for in an employee:**

- Able to work outside in all types of weather. Heat, Cold, High wind, snow, etc.
- Able to work with a team and be professional while at work.
- Committed to working safely.
- Able to work 10 hour days. Possibly longer.

### **Qualifications:**

- Experience in the construction industry, basic knowledge of hand tools, measuring tape.
- Ability to follow instructions/plans.
- Time management skills.
- Critical thinker/problem solver.
- Ability to multitask.
- Good physical condition / healthy/ can endure long days.
- Please let me know any relevant safety or heavy equipment certifications.
- Transportation to and from shop in belle cote daily.
