

Instructions on how to add a website to Google Search Engine

(Search Engine Optimization-SEO)

https://support.google.com/webmasters/answer/9012289#url_not_on_google

At the google website link above one can check if an URL is indexed or not. If not, the **indexing can be requested** on google, as per screen shot attached below.

This is basic indexing on google search engine there are other ways, but they can be paid ones run by many SEO e.g.
