REGARDING PAYMENT:

We fully believe dental treatment is an excellent investment in an individual's medical and psychological well-being. Financial considerations should not be an obstacle to obtaining this important health service. Being sensitive to the fact that people have different needs in fulfilling their financial obligations we do provide payment options.

PAYMENT OPTIONS:

- We accept: Cash, Check, and most major Credit Cards – for the portion that insurance does not cover.
- Care Credit – Our office team will review the details for this third-party payment option upon request. *Payment for service is due at the time services are rendered unless prior arrangements have been made with the billing receptionist and approved by the doctor.

REGARDING INSURANCE: (PLEASE READ AND INITIAL)

Your insurance policy is a contract between you and your insurance company. **We are not a party to that contract.** In the event we do accept assignment of benefits and your insurance company has not paid your account in full within 60 days, the balance may be transferred to your account. All accounts with a balance over 60 days may be subject to an interest charge of 1.5% a month. **Please be aware that some, and perhaps all, of the services provided may be non-covered services and not considered reasonable and customary under the terms of your insurance policy.** Our practice is committed to providing the best treatment for our patients and we charge what is usual and customary for our area. You are responsible for payment regardless of any insurance companies' arbitrary determination of usual and customary rates. Your complete insurance information must be presented at the time services are provided. **Insurance claims cannot be backdated**. Most benefits will be verified before your insurance can be billed. I authorize and request my insurance company to pay directly to the dentist or dental group insurance benefits otherwise payable to me. I understand that my dental insurance carrier may pay less than the actual bill for services. I agree to be responsible for payment of all services rendered on my behalf or my dependents.

All insurance co-pays and deductibles must be paid at the time of service. **INITIAL _____**

FAMILY ACCOUNTS: All patients 18 and older must fill out and sign a Financial Policy. The Guarantor of family account must sign a Financial Policy. **Anyone 18 and older will ultimately be personally responsible for themselves.**

I understand this financial policy and that I am responsible to pay all fees associated with my treatment. Patient HIPAA Consent Form

Patient's Name_____

I understand that I have certain rights to privacy regarding my protected health information. These rights are given to me under the Health Insurance Portability and Accountability Act of 1996 (HIPAA). This provides a safeguard to my privacy.

What this is all about:

Specifically, there are rules and restrictions on who may see or be notified of your Protected Health Information (PHI). These restrictions do not include the normal interchange of information necessary to provide you with office services. HIPAA provides certain rights and protections to you as the patient. We balance these needs with our goal of providing you with quality professional service and care. Additional information is available from the U.S. Department and Human Services at www.hhs.gov.

We have adopted the following policies:

1. Patient information will be kept confidential except as is necessary to provide services or to ensure that all administrative matters related to your care are handled appropriately. This specifically includes the sharing of information with other healthcare providers, laboratories, health insurance payers as is necessary and appropriate for your care. Patient files may be stored in open file racks and will not contain any coding which identifies a patient's condition or information which is not already a matter of public record. The normal course of providing care means that such records may be left, at least temporarily, in administrative areas such as the front office, examination room, etc. Those records will not be available to persons other than office staff. You agree to the normal procedures utilized within the office for the handling of charts, patient record, PHI and other documents or information.
2. It is the policy of this office to remind patients of their appointments. We may do this by telephone, email, text message or U.S. mail, or by any means convenient for the practice and/or as requested by you. We may send you other communications informing you of changes to office policy and new technology that you might find valuable or informative.
3. The practice utilizes a number of vendors in the conduct of business. These vendors may have access to your PHI and must agree to abide by the confidentiality rules of HIPAA.
4. You understand and agree to inspections of the office and review of documents which include PHI by government agencies or insurance payers in normal performance of their duties.
5. You agree to bring any concerns or complaints regarding privacy to the attention of the office manager or the doctor.
6. Your confidential information will not be used for the purposes of marketing or advertising of products, goods or services.
7. We agree to provide patients with access to their records in accordance with the state and federal laws.
8. We may change, add, delete or modify any of these provisions to better serve the needs of both the patient and the practice.
9. You have the right to request restrictions in the use of your Protected Health Information and to request to change in certain policies used within the office concerning your PHI. However, we are not obligated to alter internal policies to conform to your request.

I hereby consent and acknowledge my agreement to the terms set forth in the HIPAA Information Form and any subsequent changes in the office policy. I understand that this consent shall remain in force from this time forward.
