PAST PERFORMANCE

COMPANY OVERVIEW

DNA Transportation & Logistics LLC is a minority-owned general freight trucking company based out of Indiana. With years of experience within the industry, we are able to provide full-scale transportation to our clientele.

Our services consist of general freight trucking, including local and long-distance as well as truckload and less-than-truckload hauls. In addition to our diverse skillset, our extensive logistics knowledge has allowed us to provide quality customer service and transportation solutions. Here at DNA Transportation, we understand the varying needs of our clients and thus we aim to approach every need of our customer with the utmost flexibility and innovative strategies.

Please contact us today for further details on our company and federal transportation abilities.
