# BIOGRAPHY

*Gary Devon Dotson, Owner and CEO of Nite Vision Entertainment is an award-winning, 7x Grammy considered/nominated music producer, songwriter and sound engineer with over 400 music placements amongst the biggest names in entertainment - both domestic and international.*

*Recognized for his many works through his record label and publishing company, NVE Records and NVER Publishing respectively, Dotson would later partner with Universal Music Group as NVE Record's music distributor. With the continued success in music, he would venture out into the film business launching NVE Films where he would release his feature film, Be Our Guests and create over 180 unique opportunities for upcoming talented actors, crew members, musicians, artists, makeup artists, wardrobe stylists and more. The film, as well as his future projects in the works are given worldwide releases with Amazon Prime, Roku and more.*

*Amazon Prime and Roku have also extended to Nite Vision Entertainment their own channel in 2020. A place where Dotson can freely create and host films, television shows, short films, news, music videos and more.*

*This would birth Dotson's latest creation Nite Vision Entertainment TV, NVEtv which is the home to Deeper Than Music with Markivus, The Clean Plate with Mandi, NVEtv News, Up & Coming Music, Show Your Shorts, and more.*

*Gary Devon Dotson's motto is simply, "Why wait for opportunity when you you can create opportunity?"*

*The opportunities are endless and the vision is clearer with Nite Vision Entertainment.*
