NEUTRA CLEAN

CONCENTRATED NEUTRAL FLOOR CARE CLEANER

FEATURES:

BALANCED pH FORMULA	UNIQUE SURFACTANT SYSTEM
SAFE ON ALL FINISHES	MODERATE FOAMING
IDEAL FOR AUTO-SCRUBBERS	QUICK DRYING
NON-TOXIC	BIODEGRADABLE
EXTENDS THE LIFE OF MOST FLOOR FINISHES	

DESCRIPTION:

NEUTRA CLEAN is formulated using new generation surfactants to clean all floor surfaces while prolonging its finish. The balanced pH formula is designed to clean the floor surface, removing deep imbedded soils and floating them to the surface to be rinsed freely away. Since **NEUTRA CLEAN** is free rinsing, the floors will be less slippery and safer to walk upon. **NEUTRA CLEAN** can be used through an automatic floor scrubbing machine or with mop and bucket.

TYPICAL DILUTIONS:

Linoleum or Wood Floors: Use a clean non-oiled dust mop or broom to remove all loose soils. Dilute **NEUTRA CLEAN** at 4 oz. per gallon of hot water in Scrubber tank or mop bucket for normal soil loads. Wet mop the floor with this solution. Pick up excess solution with a wet vacuum for best results. Fastest results are achieved when **NEUTRA CLEAN** is allowed to dwell on the floor for several minutes prior to scrubbing.

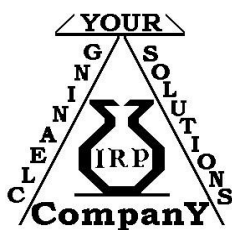

Terrazzo or Tile Floors: Use a push broom or stiff corn broom to remove the loose soils, paying particular attention to the grout lines between tiles. Dilute **NEUTRA CLEAN** at 6 – 8 oz. per gallon of hot water depending upon the soils on the floor. Apply a liberal solution of **NEUTRA CLEAN** by mop and allow the solution to dwell for several minutes. Use a clean mop or wet vacuum to pick up the excess solution. When used as directed the floors will not get a soap film haze from detergent buildup.

FOR FURTHER INFORMATION REFER TO THE MATERIAL SAFETY DATA SHEET

PACKAGING:

Available in 5 gallon pails and 4 gallon cases.
