

First Class Safety Training

Training today for a safer tomorrow

Training Course Specification

Course Title	Behavioural Based Safety Training
Course Description	This course teaches participants the principles of Behavioural Based Safety to improve your workplace safety culture. The training will educate participants on techniques to observe colleagues and give constructive feedback on safe and at risk behaviours. Employees will feel empowered to discuss at risk behaviours with colleagues, resulting in a team who each take responsibility for a safe work environment.
Course Duration	4 hours
Max no of participants	12
Who should attend	Employees at all levels with little or no experience of Behavioural Based Safety
Pre-requisites	N/A
Course Content	<ul style="list-style-type: none">• An introduction to Behavioural Based Safety• The fundamentals of BBS and its role in reducing workplace incidents• How to identify at risk behaviours and their causes• How to complete a BBS observation• Techniques to deliver feedback• How data from BBS observations can be used to improve safety practices
Assessments	Delegates will be continuously assessed throughout the course, to ensure they have met the learning outcomes. Learning objectives are also reinforced through written answers.
