Background:

AstroNetix is a veteran-owned, warfighter-built company with deep operational and technical expertise across national security missions.

We bring a unique edge as prior officers, intelligence professionals, and expert technicians who have lived the mission and now deliver solutions built for it. AstroNetix provides agile, mission focused support across intelligence operations, secure network services, CJADC2 integration, systems engineering, training, and advanced space technology development. **Our team operates at all security levels and bridges the gap between frontline requirements and technical execution to ensure our partners stay ahead of the threat.**

Our Competitive Edge:

❖ Mission Expertise

- Warfighter-Driven Solutions
- CJADC2 Integration
- Intelligence Operations
- Operational Integration & Training

❖ Technical Advantage

- Space Systems Engineering
- Emerging Technology Integration
- Cybersecurity & Network Defense

❖ Execution Power

- Lifecycle Support
- Cleared Technical Support
- Strategic Capture
- Rapid Solution Deployment
