Source note: DAUD Recording by Gary Hartman
Earthworks SR77>Graham-Patten DMic20>Sony PCM1 DAT.
Recorded from the lip of the stage, just to the left of the band's stage mike.
Due to microphone malfunction, only the left channel was recorded.
In the PC-based editing process (Red Roaster 5.3), the left channel was
copied to the right for a mono mix.

Del McCoury Band 10/11/99 Mucky Duck, Houston
