EST. 1896

129TH ANNIVERSARY & CAMP OPENING

"Healing The World Through Harmony Grove"

SUMMER PROGRAM

MAY 31, 2025

Dear Gaia,

Have I told you lately that I love you?

You are the momma that cradles all of us. Your generosity is beyond measure; you give us a place we call home; you give us an opportunity to have a wonderful experience in the physical world. Our souls would have nowhere to land without you.

Your patience is so boundless that it truly reflects a mother's unconditional heart. We come from all your attributes...we are all bits and pieces of your magnificent DNA.

We are offered views from the highest of highs and we are offered depths and even darkness...with many mysteries to expand our faith. Every element, every creature is our kindred...we are all equally blessed. We are a divine family, so entwined in a golden thread of life a humanity and all living things.

We may have forgotten that you gave us all a path to travel...to come full circle back to the beginning, back to the future and back to God. In order to continue, we must remind ourselves of the unrelentless gifts you have given us.

We, as spirit, need you...and needed you so we could grow and to be reborn into our own unique being, you raised us well.

It is up to us to honor you, as you have honored us. Forever is up to us. No words can express the love I have for you and the gratitude you deserve.

Emblem of Spiritualism

One tiny seed is placed in the dark of Mother Earth, it is watered by rain from Heaven, blessed by man and often grows as tall as six feet, just like man. When they become mature and in harvest season, so rich from God's blessings, like man, they often become stooped with age.

The main stalk is strong which is the life center and often has seven branches or twigs symbolizing the seven days of the week. Also, it has 12 green leaves representing the 12 months of the year. The branches often have three nice sunflowers symbolizing the Blessed Trinity. Each flower has 52 golden yellow petals, which represents the 52 weeks of the year. In the center of the yellow frame of petals are 365 rich seeds representing our calendar year. These seeds are protected from weather by husks, and contain a sweet meat and oil for the nourishment of our bodies. Even the birds of the air feed on them. Each morning, the sunflower faces the rising sun to the East, as to say, 'Good Morning to the Great Spirit.

We call this beautiful stately flower of God,
The Emblem of Spiritualism.

The flowers are often planted in a cluster, or a long row, and act as a fence or barrier from storms, as well as shade from the hot summer sun. We're all blessed with a very wealthy Father who meets our every need. If we would remember that self-preservation is nature's first law, we would thank God for our Health, Wealth, Prosperity, and Spirituality in the knowledge of the life of the Sunflower. Truly, our God is Wonderful!"

About Spiritualism

Spiritualism is the Science, Philosophy and Religion of continuous life, based upon the demonstrated fact of communication by means of mediumship with those who live in the Spirit World.

Spiritualism is a Science because it investigates, analyzes and classifies facts and manifestations demonstrated from the Spirit side of life.

Spiritualism is a Philosophy because it studies the laws of Nature both on the seen and unseen sides of life and bases its conclusions upon present observed facts. It accepts statements of observed facts of past ages and conclusions drawn there from, when sustained by reason and by results of observed facts of the present day.

Spiritualism is a Religion because it strives to understand and to comply with the Physical, Mental and Spiritual Laws of Nature, which are the laws of God.

Spiritual Principles

- We believe in Infinite Intelligence.
- We believe that the phenomena of nature, both physical and spiritual, are the expressions of Infinite Intelligence.
- We believe that true Spirituality is living by the Golden Rule, "Do unto others as you would have them do unto you".
- We affirm that the identity of the individual continues after the change called death.
- We believe that communication with the so-called dead is a fact.
- We affirm the responsibility of individuals to create their own happiness or unhappiness as they obey or disobey nature's physical and spiritual laws.
- We affirm the oneness of God in all life.
- We believe that the doorway to forgiveness is always open to anyone, here or hereafter.
- We affirm that prophecy and healing are Divine attributes proven through mediumship

OUR HISTORY

Initially, when Harmony Grove Spiritualist Association was first founded, like many other Spiritualist Camps birthed at the turn of the 20th century, it was open only seasonally. People would come in their horse and buggies to literally “set up camp” and spend time working as mediums or visiting with the mediums over the summer. As time went by, the tents evolved into seasonal cabins and then year-round houses for the Spiritualist mediums. Eventually, a church was built and lecture and healing services were held year-round. However, the time-honored observance of the HGSA's Anniversary & Opening of Camp Season continues to be observed.

CORINTHIANS 13:4-8

4 Love is patient, love is kind. It does not envy, it does not boast, it is not proud. **5** It does not dishonor others, it is not self-seeking, it is not easily angered, it keeps no record of wrongs. **6** Love does not delight in evil but rejoices with the truth. **7** It always protects, always trusts, always hopes, always perseveres. **8** Love never fails. But where there are prophecies, they will cease; where there are tongues, they will be stilled; where there is knowledge, it will pass away.
