Dear Mr. Sleem:

Thank you for contacting me regarding H.R. 227, the *Multinational Species Conservation Funds Reauthorization Act*. We completely agree on the need to protect and preserve our wildlife populations, particularly our endangered species. This is why I have supported numerous bills to protect our environment to ensure these species have thriving habitats.

As someone who loves and appreciates animals, I understand the importance of taking care of our most vulnerable wildlife. Additionally, as a lifelong outdoorsman who grew up right here in North Carolina, I know that caring for the environment is our duty and we must preserve our lands now and for future generations. I believe it is extremely important to be good stewards of the environment and I am committed to fighting for the responsible management of our wildlife.

As you may know, H.R. 227 was introduced in the 115th Congress by Representative Don Young (R-AK) on January 3, 2017. While this legislation has not been reintroduced in the 116th Congress, please know I will keep your thoughts in mind should I have the opportunity to consider this or similar legislation this Congress.

Again, thank you for taking the time to share your views. Your opinions are important, so please continue to write, call, or email me with any concerns you may have in the future.
