HELP US, HELP THEM, GET HOME • REHAB & RELEASE

The Marine and Mammal Care Center in San Pedro is looking for some help for a fundraising event to support the center. MMCC Los Angeles is a non-profit hospital for seals and sea lions that strand on the 70+ miles of beaches from Malibu to Seal Beach due to illness, injury and malnutrition. MMCC has provided top-notch care for marine mammals in need since 1992, with the goal of rehabilitating and releasing them back to their ocean home. They also promote the ocean conservation through education, research, and partnerships.

We need both Youth and Adults to help during the day. We will have a sign up sheet circulated to see what shifts are available. If you are able to work a few hours or the whole day let us know. We will be providing a cooler for water, but you need to bring your own lunch or snacks.

The Link to register is below or go to Team Snap. We are working from 8am - 1pm
