

## Red Streak, LLC Capability Statement

**Business Development, Project Development, and Technical & Financial Due Diligence**

### Who We Are.

Red Streak, LLC, is a professional business development, consulting, project development, due diligence, and advisory firm headquartered in Mexican Springs, New Mexico. It is a wholly owned Native American (Navajo), minority-managed, and operated company. Red Streak is a limited liability company (LLC) organized under the laws of the State of Arizona and registered with the Navajo Nation as a Priority #1 Business.

### Our Vision.

To provide a seamless workflow of services for our clients.

### Our Mission.

To deliver professional business solutions with quality results.

### Principal Member.

1. Sam Woods, BSEE, Principal CEO, Sr Project Manager.

### Core Capabilities.

At Red Streak, we offer expert professional services to help your business succeed. Our team is committed to providing customized solutions that address your specific needs.

We work with Tribes and small businesses to develop a strategic growth plan. We evaluate the current business landscape, identify opportunities, and create an effective strategy to reach desired results.

We take an idea, apply systematic processes to it, and guide our clients through the initiation, planning, execution, monitoring, and ensure the final delivery of that project idea.

We take reasonable steps to meet the financial, technical, or legal requirement of an asset and its liabilities and assess its commercial potential for our client.

### What Sets Us Apart.

At Red Streak, we offer expert guidance tailored to your specific business needs. Our team has years of experience in different industries, guaranteeing you receive top-quality service.

### Experience(s).

Red Streak has worked on the project development/EPC of 1,500 MW of power generation facilities, raised over \$115 million in capital funds, facilitated over \$285 million in M&A's activities, negotiated and supported more than \$1 billion in security revenues for Navajo, and is currently developing new projects for Tribes and private businesses.
