Discipline and Guidance Policy

- ◆ Discipline must be:
 - (1) Individualized and consistent for each child;
 - (2) Appropriate to the child's level of understanding; and
 - (3) Directed toward teaching the child acceptable behavior and self-control.
- ◆ A caregiver may only use positive methods of discipline and guidance that encourage self-esteem, self-control, and self-direction, which include at least the following:
 - (1) Using praise and encouragement of good behavior instead of focusing only upon unacceptable behavior;
 - (2) Reminding a child of behavior expectations daily by using clear, positive statements;
 - (3) Redirecting behavior using positive statements; and
 - (4) Using brief supervised separation or time out from the group, when appropriate for the child's age and development, which is limited to no more than one minute per year of the child's age.
- ◆ There must be no harsh, cruel, or unusual treatment of any child. The following types of discipline and guidance are prohibited:
 - (1) Corporal punishment or threats of corporal punishment;
 - (2) Punishment associated with food, naps, or toilet training;
 - (3) Pinching, shaking, or biting a child;
 - (4) Hitting a child with a hand or instrument;
 - (5) Putting anything in or on a child's mouth;
 - (6) Humiliating, ridiculing, rejecting, or yelling at a child;
 - (7) Subjecting a child to harsh, abusive, or profane language;
 - (8) Placing a child in a locked or dark room, bathroom, or closet with the door closed; and
 - (9) Requiring a child to remain silent or inactive for inappropriately long periods of time for the child's age.

Operational Policy on Infant Safe Sleep

This form provides the required information per minimum standards §746.501(9) and §747.501(6) for the safe sleep policy.

Directions: Parents will review this policy upon enrolling their infant at [redacted] and a copy of the policy is provided in the parent handbook. Parents can review information on safe sleep and reducing the risk of Sudden Infant Death Syndrome/Sudden Unexpected Infant Death (SIDS/SUIDS) at: <http://www.healthychildren.org/English/ages-stages/baby/sleep/Pages/A-Parents-Guide-to-Safe-Sleep.aspx>

Safe Sleep Policy

All staff, substitute staff, and volunteers at [redacted] will follow these safe sleep recommendations of the American Academy of Pediatrics (AAP) and the Consumer Product Safety Commission (CPSC) for infants to reduce the risk of Sudden Infant Death Syndrome/Sudden Unexpected Infant Death Syndrome (SIDS/SUIDS):

- Always put infants to sleep on their backs unless you provide Form 3019, Infant Sleep Exception/Health Care Professional Recommendation, signed by the infant's health care professional [§746.2427 and §747.2327].
- Place infants on a firm mattress, with a tight fitting sheet, in a crib that meets the CPSC federal requirements for full-size cribs and for non-full size cribs [§746.2409 and §747.2309].
- For infants who are younger than 12 months of age, cribs should be bare except for a tight fitting sheet and a mattress cover or protector. Items that should not be placed in a crib include: soft or loose bedding, such as blankets, quilts, or comforters; pillows; stuffed toys/ animals; soft objects; bumper pads; liners; or sleep positioning devices [§746.2415(b) and §747.2315(b)]. Also, infants must not have their heads, faces, or cribs covered at any time by items such as blankets, linens, or clothing [§746.2429 and §747.2329].
- Do not use sleep positioning devices, such as wedges or infant positioners. The AAP has found no evidence that these devices are safe. Their use may increase the risk of suffocation [§746.2415(b) and §747.2315(b)].
- Ensure that sleeping areas are ventilated and at a temperature that is comfortable for a lightly clothed adult [§746.3407(10) and §747.3203(10)].
- If an infant needs extra warmth, use sleep clothing [redacted] (insert type of sleep clothing that will be used, such as sleepers or footed pajamas) as an alternative to blankets [§746.2415(b) and §747.2315(b)].
- Place only one infant in a crib to sleep [§746.2405 and §747.2305].
- Infants may use a pacifier during sleep. But the pacifier must not be attached to a stuffed animal [§746.2415(b) and §747.2315(b)] or the infant's clothing by a string, cord, or other attaching mechanism that might be a suffocation or strangulation risk [§746.2401(6) and §747.2315(b)].
- If the infant falls asleep in a restrictive device other than a crib (such as a bouncy chair or swing, or arrives to care asleep in a car seat), move the infant to a crib immediately, unless you provide Form 3019, Infant Sleep Exception/Health Care Professional Recommendation, signed by the infant's health-care professional [§746.2426 and §747.2326].
- Our child care program is smoke-free. Smoking is not allowed in Texas child care operations (this includes e-cigarettes and any type of vaporizers) [§746.3703(d) and §747.3503(d)].
- Actively observe sleeping infants by sight and sound [§746.2403 and §747.2303].
- If an infant is able to roll back and forth from front to back, place the infant on the infant's back for sleep and allow the infant to assume a preferred sleep position [§746.2427 and §747.2327].
- Awake infants will have supervised "tummy time" several times daily. This will help them strengthen their muscles and develop normally [§746.2427 and §747.2327].
- Do not swaddle an infant for sleep or rest unless you provide Form 3019, Infant Sleep Exception/Health Care Professional Recommendation, signed by the infant's health care professional [§746.2428 and §747.2328].
