WELCOME TO

Curry Pirates

Indian Goan Delicacy

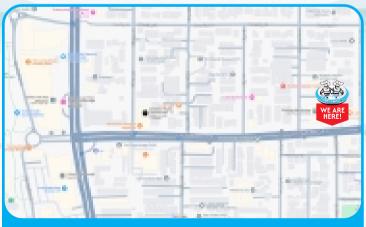

OurJourney

The journey of Curry Pirates began in 2014 as a humble takeaway joint, founded by two Goan-Indian food connoisseurs — Franky Vaz (Chef) and Brendan Fernandes (Manager)—hailing from the small coastal state of Goa, India. Known for its rich seafood cuisine, Goa is nestled along the Arabian Sea and is a culinary haven.

Franky's passion for food led him to study hospitality on the Gold Coast, where he trained in several renowned restaurants. With extensive experience and a deep love for cooking, he joined forces with Brendan to open a small takeaway in Scarborough. Together, they successfully ran the business for 11 years.

A true foodie at heart, Franky has cherished good food since childhood. He loves exploring new flavours and travelling to experience different cuisines. Brendan, a savvy and skilled businessman, played a pivotal role in growing the venture. United by their passion for food, they developed a range of recipes that quickly gained popularity among the locals of Scarborough and beyond. Signature dishes like Butter Chicken, Rogan Josh, Goan Fish Curry, Goan Chicken Cafreal, and Korma became customer favourites over the years.

From the beginning, they have upheld high standards of quality by using fresh, locally sourced produce—fish, meat, poultry, and vegetables. They believe in healthy cooking, using only fresh ingredients and avoiding MSG. Their dedication to quality has earned them Menulog Restaurant Award and a featured recommendation on Restaurant Guru. After 11 years of delighting customers with their flavourful food and outstanding service, we are now venturing into the dine-in space to make a lasting impact on the food industry. Their new space embraces a coastal ambiance that reflects both our Goan heritage and our journey in Scarborough.
