

THERMOTECH

INSULATING FABRIC

Experience the ultimate in warmth and flexibility with **ThermoTech**. Our latest innovation in insulation technology, **ThermoTech** is expertly designed to keep you comfortable in the coldest conditions without restricting movement.

AEROFLOW BREATHABLE TECHNOLOGY

Keeps you comfortable in any weather. Our fabric's high air permeability allows for breathability, preventing build-up of sweat, ensuring a fresh and comfortable feel on the skin.

UPF50+

Winter can be equally harmful when it comes to UV radiation. Let SParms take care of you with our UPF50+ UV barrier technology.

THERMOLOCK INSULATION

Embrace the warmth of winter with our multilayer high density fleece insulation. Designed to trap and retain warm air, our fabric encapsulates you in a layer of comfort so you can face the cold with confidence.

FLEXFORM 4-WAY STRETCH

Our super stretchy flexible fabric gives unparalleled freedom of movement as the fabric effortlessly conforms to your body, retaining its natural shape to deliver a tailored fit for every activity.

HYDROGUARD SURFACE SHIELD

Stay warm and comfortable in the harshest winter conditions. Our fabric features a water-resistant surface, keeping you dry and protected even in light precipitation.
