- Kanhaiya Singh Shikshan Kendra (KSSK) and Sugeshwari Devi Coaching Center are educational institutions managed and operated by the Kanhaiya Singh and Sugeshwari Devi (KSSD) Public Charitable and Welfare Trust, located in Siwan, Bihar.
- These charitable organizations offer free education to underprivileged children, spanning from Nursery to Class 10. Their combined efforts have had a positive impact on the lives of over 350 students, enhancing their educational and personal development.

## Career Counselling Session - 2023.

- (i) What are your aspirations for your future career?
- (ii) Tell us about your role model.
- (iii) How do your career aspiration align with your strengths and weaknesses?
- (iv) Share your plans for preparing for your chosen career.
- (v) Identify the major obstacles you anticipate encountering in pursuing your career path.
- (vi) Provide suggestions on how we can support you in achieving your goals.

# Introduction

---

WELCOME STUDENTS AND INTRODUCE THE PURPOSE OF THE SESSION.

HIGHLIGHT THE IMPORTANCE OF MAKING INFORMED CAREER CHOICES.

EMPHASIZE THAT THIS PROGRAM IS DESIGNED TO HELP STUDENTS EXPLORE THEIR INTERESTS, SKILLS, AND FUTURE OPPORTUNITIES.

# Self-Exploration

---

1

Discuss the importance of self-awareness.

2

Encourage students to assess their interests, strengths, and values.

3

Provide examples of self-assessment tools or questionnaires.

# Career Exploration

---

Introduce different career clusters and industries.

Show examples of high-demand careers in various fields.

Explain the importance of research, online resources, and informational interviews.

# Setting Goals & Planning

---

Discuss the importance of setting clear, achievable career goals.

Introduce the concept of educational and vocational planning.

Mention high school courses, extracurricular activities, and college preparation

# Resources and Next Steps

---

Provide a list of resources, including career counseling services, online tools, and books.

Highlight the significance of talking to parents, teachers, and mentors.

Encourage students to take notes, ask questions, and take actionable steps after the session.

Conclude the session by offering contact information for further questions.

## STEM Careers

### Software Developer

Design, develop, and test computer software applications and systems.

### Mechanical Engineer

Design and develop mechanical systems, including engines, machines, and tools.

### Biomedical Scientist

Conduct research to understand human diseases and develop treatments and cures.

## Accounting

Accountants are responsible for preparing and analyzing financial records and statements for individuals and businesses. They may also provide tax advice and help clients manage their finances.

## Marketing

Marketing professionals help businesses promote their products and services to customers. They may work in advertising, public relations, or market research.

## Finance

Financial professionals work in a variety of roles, including investment banking, financial planning, and wealth management. They help clients make informed decisions about their investments and manage their money effectively.

### Graphic Designer

Graphic designers create visual concepts, using computer software or by hand, to communicate ideas that inspire, inform, and captivate consumers. They develop the overall layout and production design for various applications such as advertisements, brochures, magazines, and corporate reports. Median annual salary: \$52,110.

### Photographer

Photographers use their technical expertise, creativity, and composition skills to produce and preserve images that visually tell a story or record an event. They may work in various fields, including portrait, commercial, and scientific photography. Median annual salary: \$34,000.

### Animator

Animators create animation and visual effects for films, video games, television, and other forms of media. They use computer software, hand-drawn techniques, and other tools to create lifelike characters, settings, and objects. Median annual salary: \$75,270.

# Creative Careers

---

# Healthcare Careers

## Registered Nurse

Registered nurses work in hospitals, clinics, and other healthcare settings. They provide patient care, educate patients and the public about various health conditions, and provide advice and emotional support to patients and their families.

## Physical Therapist

Physical therapists help people who have injuries or illnesses improve their movement and manage their pain. They work with patients to develop treatment plans that help them achieve their goals, such as reducing pain or improving mobility.

## Medical Assistant

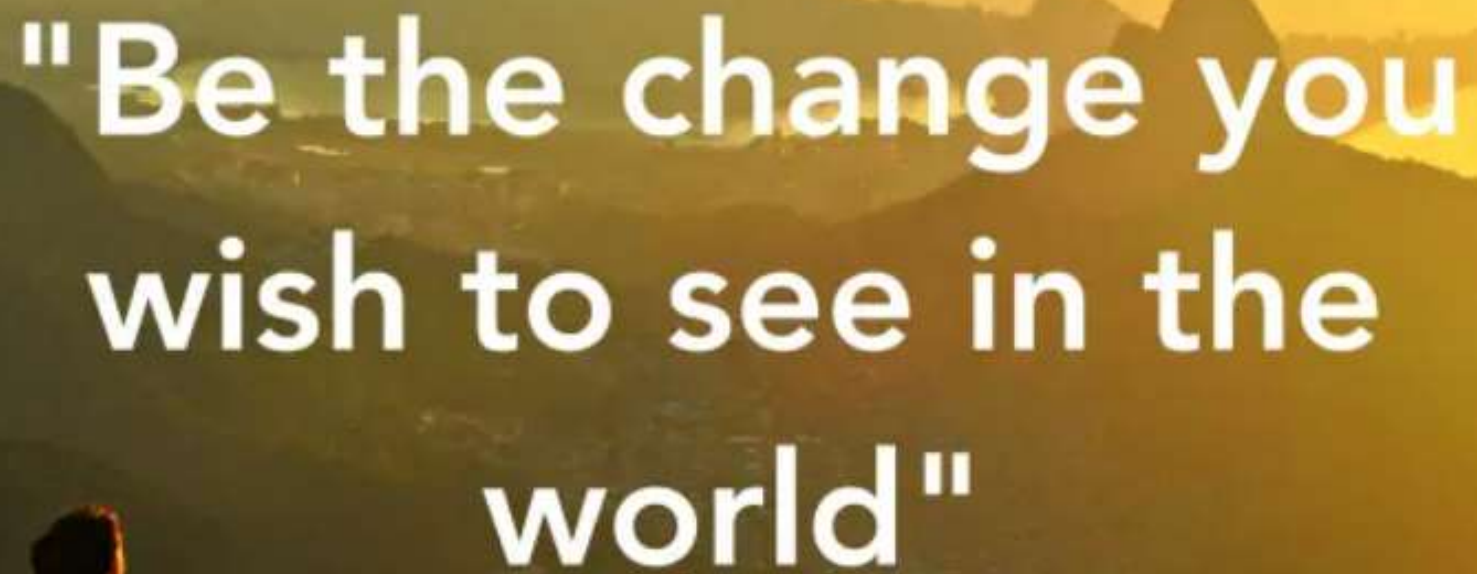

Medical assistants work in healthcare settings, such as hospitals and clinics. They perform administrative and clinical tasks, such as taking patient histories and vital signs, preparing patients for exams, and scheduling appointments.

## Trade and Vocational Careers

Trade and vocational careers offer a unique path for individuals who want to learn a specific skill and enter the workforce quickly. These careers often require hands-on training and apprenticeships, and can lead to fulfilling and lucrative careers in a variety of industries.

- **Welding:** Welders use heat and electricity to fuse metal parts together, and work in industries such as construction, manufacturing, and transportation.
- **Plumbing:** Plumbers install and repair water and gas pipes, and work in industries such as construction, maintenance, and repair services.
- **Electrical:** Electricians install and maintain electrical systems in homes, businesses, and factories, and work in industries such as construction, manufacturing, and utilities.
- **Automotive:** Automotive technicians repair and maintain cars, trucks, and other vehicles, and work in industries such as automotive repair shops, dealerships, and fleet maintenance companies.
- **Culinary:** Chefs and cooks prepare food in restaurants, hotels, and other food service establishments, and can specialize in a variety of cuisines and techniques.

"Be the change you  
wish to see in the  
world"

– Mahatma Gandhi
