

CAPABILITY STATEMENT

MT@ITacticalSolutions.com

UEI: Z7PKJN75E4A8 | CAGE: 12MP9

ABOUT

Founded by seasoned IT professionals with active Security Clearances, ITactical Solutions delivers secure, end-to-end IT engineering and modernization services while enhancing operational efficiency and reliability.

PAST PERFORMANCE

DOD | USMEPCOM | ARMY | AIR FORCE

Sample of Current Projects

- Cloud Infrastructure & Migration (AWS, Oracle, SQL Server).
- On Prem Systems Engineering (Windows Server 2008–2022, VMware vSphere, Nutanix).
- Cybersecurity & Compliance (STIG, IAVA, MECM, SCCM, identity management).
- Disaster Recovery & Backup Solutions (Acronis, TSM, Veeam, Cohesity, Symantec).
- Professional Training & DevOps (Technical team leadership, automation, monitoring via Power BI).
- Owned and led multi-site government IT modernization initiatives (\$200M) involving 1,500+ servers and 65 locations.

CORE COMPETENCIES

- Virtualization & Hybrid Infrastructure – VMware vSphere, AWS, Azure, Nutanix, Hyper-V implementation and Network (VLAN, VPN support, NIPR/SIPR).
- Department of Defense (DoD) Compliance & Security – STIGs, IAVA, SCAP, ACAS, HBSS, COOP and security patching.
- Patch Management & Monitoring – MECM/SCCM, WSUS, SolarWinds, WUG for multi-site Windows Server environments.
- Database Administration & Migration – Relational (SQL, Oracle, PostgreSQL), NoSQL (DynamoDB, ElastiCache), ETL pipelines, SSIS, and Enterprise reporting.

DIFFERENTIATORS

Active Security Clearances + DoD Experience: Long-term support to USMEPCOM, Raytheon, Lockheed Martin, and General Dynamics.

High-Level Certifications: MCSE (multiple paths), Security+, AWS Certified Solutions Architect – Professional, ITIL.

Leadership Experience: Scaled teams of 40+ engineers; directed enterprise-level database
