

**HOLY GHOST LUTHERAN SCHOOL
1984-85**

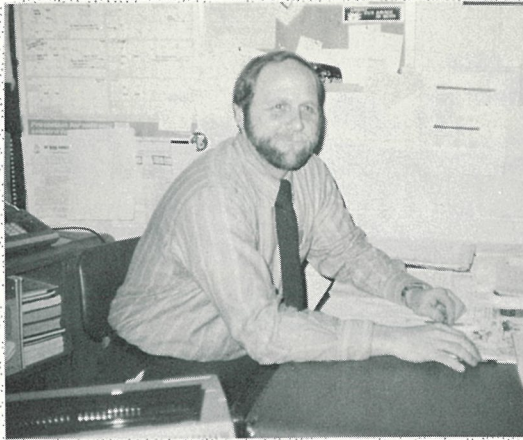

Holy Ghost Lutheran School

6630 LUTHER STREET
NIAGARA FALLS, NEW YORK 14304

1984 - 1985

Holy Ghost Lutheran School was established in 1843 by our forefathers, who had left their homes in Prussia to settle in a land where the government would not interfere in the religious instruction of the young. As they settled in New Bergholz, one of their first priorities was to establish a school. Thus, the school of the Evangelical Lutheran Church of New Bergholz was begun. In the 140 years that have passed since that time, we have been blessed to occupy three buildings. The second was built and dedicated in 1912 and our third and present building was opened in 1958. We thank and praise our Heavenly Father for 140 years of grace as we provide a Christian educational environment for our young people.

Principal's Message

RICK KERR

The chapel theme for the 1984-1985 school year, "The Fruits of the Spirit" is an appropriate thought on which to meditate as we glance through the pictures in this memory book. Not only do we remember the good times, which are evident in the pictures of classmates, teachers, and activities, but we also remember the many times in which we were taught encouraged, and guided to allow the Holy Spirit to operate in our lives. For when we are yielded to His guidance, then the gifts of God can really work to accomplish the Great Commission. And as these gifts are used, the fruits of the Spirit become evident in our lives.

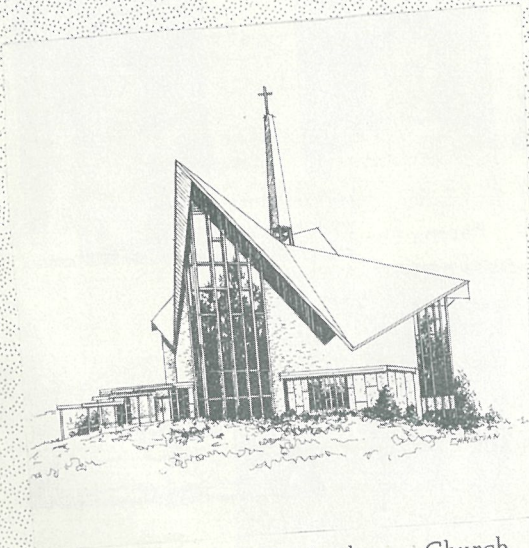

As you look back through these pictures, associate with each one the love, the joy, the peace, and other fruits that you see in that person or group. Then you can really begin to see just how the Holy Spirit can and does operate through the students at Holy Ghost Lutheran School. And finally, as you look back, ask yourself what others may have seen in you. By the grace and gift of God, these same attitudes you see in others are also in you. We praise God for blessing us with a good year and continue to ask Him to help us yield to His Spirit, so that His purpose for our lives might be fulfilled, and a vision of His Son may be seen through us to others.

ALIVE IN HIS LOVE

Life is usually measured by minutes, hours, days, months and finally another year. For most of the persons in this year book it is also measured by which class or activity they were associated throughout the past days and months. And that makes for memories. That's life!

But to be fully alive, we have also experienced the love of God in Jesus Christ. That graciously active love enables us to be fully alive. It is through Him that each day counts for something. Without His love the days and months would simply run together and usually add up to very little. We have experienced His love in and through the persons and activities pictured. Having His love has made us alive, alive to share His love with others. And that is to be really alive. Alive in His Love! That's how this past year can be defined.
