# GRANDPARENT'S DAY

The T.O.Y.S. (Take Our Youth Seriously) program runs on a point system. The 7th & 8th graders wrote letters to adults with careers and asked them to come and speak to us about their career. If they came in, the student who wrote the letter received 7 points. If they responded with a letter the student received 5 points and if they responded with a phone call, the student received 3 points.

Another way to get points is by helping people or setting a good example. Students can also lose points by saying or doing something bad. T.O.Y.S. also improves letter writing skills and improves our communication abilities.
