Find a career in the boating industry

If you have a passion for the water and like working with your hands then perhaps the boating industry is for you. Come and check it out for yourself at the Boating Careers Industry Immersion Day!

This program aims to provide school students with hands-on experience and valuable insights into various career pathways and employment opportunities within the marine sector. With visits to marine industry employers across three locations - Dandenong South, Williamstown, and Geelong - participants will gain exposure to diverse roles and apprenticeship opportunities in Marine Craft Construction, Marine Mechanical, Marina Operations and Marine Trimming.

3 step immersion:

Step 1: Initial Exposure

Experience firsthand the dynamic world of the marine industry through supervised visits to marine employers. Discover apprenticeship opportunities and learn about the skills required for success in Marine Craft Construction, Marine Mechanical, and Marine Trimming.

Step 2: Work Placement Opportunities

Participants will have the chance to explore work placement opportunities coordinated through VicLLENs, providing valuable hands-on experience and industry insights.

Step 3: School Based Apprenticeship Opportunities

For students participating in the S2W program, School Based Apprenticeship opportunities await! Coordinated by Headstart, these apprenticeships offer a structured pathway to kickstart a career in the marine industry.

Key Dates:

- August 9th, 2024: Dandenong South Immersion Day
- August 16th, 2024: Williamstown Immersion Day
- August 23rd, 2024: Geelong Immersion Day

Objectives:

- Provide exposure to the marine industry for school students
- Promote career pathways and employment opportunities
- Encourage employer support through structured work placements and apprenticeship opportunities
- Facilitate placements into structured work placements and school-based apprenticeships
