

# 9PM Routine Checklist

- **TAKE** valuables from your vehicle
- **LOCK** your vehicle and any doors and windows on your home
- **LEAVE** lights on at entry points and other areas that may entice unauthorized entry

## What else should I do?

-Set your alarm. If you have an alarm from Key City Locksmith and Security, you can program it to automatically set at a certain time!

-Check your perimeter cameras before retiring for the day. Look for anything out of place. Don't have perimeter cameras or have blind spots? Give us a call!

-Move valuables out of view from the outside. Don't leave your wallet, purse, etc in front of windows. Need a safe? We have a safe for many different needs!

-Use a signal-blocking box to leave your vehicle keys in to thwart high-tech thieves from taking your vehicle right out of your driveway. You guessed it! We have these too!

What else do you think you should do to enhance your 9PM Routine? Take a look around your home, you know it best!
