THE SCONE: a History

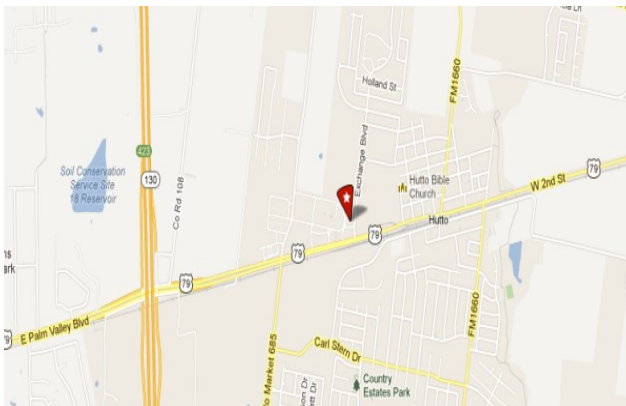

A **scone** is a single-serving cake or quick bread, originally hailing from Scotland. British scones are often lightly sweetened containing raisins, currants or different fruits. You may also choose from savory varieties that may contain cheese, onion, bacon or other items. Scones are classically served for afternoon tea or as called in Britain, "High Tea".

Here at **baked 'n sconed** we have modernized scones! We offer a variety of sweet and savory scones and provide our favorites on a daily basis.

If you have a flavor that you want us to make, then let us know. Heck, We'll even name it after you.. After all, We'll try anything once!
