UNCOMPROMISED CAPABILITY

POWER FOR ANY JOB

RANGER XP Kinetic's electric motor produces an industry-leading 110 HP and 140 lb-ft of torque, making it the most capable and most fun RANGER ever.

EFFORTLESS HAULING & TOWING

Class-leading 2,500 lb towing and industry-leading 1,250 lb hauling capacities let you move more rock, brick, hay, dirt, wood, and supplies at one time so you can get the job done faster and in fewer trips.

INSTANT TORQUE, PRECISE CONTROL

The electric motor delivers all of its torque instantly, allowing for immediate pulling power while towing, precise control in tight quarters, and amazing throttle response out on the trails. A new shifter design also adds an integrated switch for forward and reverse to the existing high, low, neutral, and park gears for easy transitions between the two.

DAWN TO DUSK RANGE

With an available 80 miles of estimated range, RANGER XP Kinetic has plenty of juice to work even the toughest shifts from sun up to sun down.

UNRIVALED DURABILITY

LOWER MAINTENANCE COSTS

Scheduled maintenance costs for XP Kinetic are estimated to be 70% less than the average costs for similar gas-powered vehicles (based on 5 year cost of ownership).*

MOST DURABLE DRIVETRAIN

Power is sent to all four wheels via a synchronous belt drive that eliminates the need for a clutch and offers maximum drivetrain durability and smooth power delivery.

PEACE OF MIND

In addition to a 1-year standard factory warranty, XP Kinetic is also backed by 3-year electric powertrain coverage and 5-year battery coverage.**

LESS MAINTENANCE, MORE UPTIME

Forget about oil changes, fluid flushes and air filters. With far fewer maintenance requirements, RANGER XP Kinetic offers unrivaled service intervals and lets you focus on the job at hand, not upkeep.

REFINED PERFORMANCE

QUIET OPERATION

The electric powertrain helps you connect to what matters most. Quietly haul gear to the blinds, work closely with livestock, or enjoy an easy conversation with passengers without engine noise in the background.

USER-SELECTABLE DRIVE MODES

RANGER XP Kinetic has three drive modes to optimize for the task at hand.

Eco+: Limits torque and top speed

Standard: Optimizes for everyday driving and moderate-sized jobs

Sport: Optimizes for spirited driving and the toughest jobs

MAKE IT YOURS

RANGER XP Kinetic is compatible with 95% of RANGER XP 1000 accessories including Pro Shield cab systems, Rhino Rack®, Pro HD winches, Lock & Ride Storage, Glacier® plows and MB Quart Audio. New accessories include a fast-acting electric heater so riders can stay comfortable in cool weather. Plus, a 3kW on-board charging system offers faster charging.

POWER ON-BOARD

A 12V cargo box outlet is convenient for powering accessories like sprayers or small tools. It is controlled via a switch on the dash for easy on-off operation, eliminating the need to exit the vehicle to control connected accessories.

Warning: Polaris off-road vehicles can be hazardous to operate and is not intended for on-road use. Driver must be at least 16 years old with a valid driver's license to operate. All riders should always wear helmets, eye protection and protective clothing and footwear. Read, understand and follow your owner's manual. Ride within the limits of your own abilities and never engage in stunt or exhibition driving. Never ride under the influence of drugs or alcohol. All riders should take a safety training course. Range estimates based on manufacturer data on typical customer driving usage and conditions. Actual range varies based on conditions such as external environment, weather, speed, cargo loads, rates of acceleration, vehicle maintenance, and vehicle usage. Charge times are estimates based on manufacturer generated simulations. Charging time decreases as battery reaches full capacity. Results may vary based on amperage, peak charging times, and battery state of charge. *Manufacturer estimate based on average scheduled maintenance costs over the course of a 5-year time-frame. **Promotional powertrain warranty inclusive of 12 month factory warranty + an additional 24 month warranty. Promotional battery warranty inclusive of 12 month factory warranty + an additional 48 month warranty. Please see terms and conditions for full details. Call 800-342-3764 for additional information.
