

Tracie Harris Rice Photography

Capturing Life's Most Beautiful Moments

Welcome!

Thank you so much for choosing Tracie Harris Rice Photography! I'm honored to capture your special moments and create timeless images you'll treasure for years to come. My goal is to make your photography experience fun, relaxed, and unforgettable.

This welcome packet will guide you through what to expect before, during, and after your session, as well as provide helpful tips to make your experience smooth and enjoyable.

About Your Session

Each session is designed to fit your unique needs. Most sessions last between 30 minutes to 2 hours depending on the package you choose. You'll receive a curated selection of professionally edited, high-resolution digital images, delivered in a private online gallery.

Your package includes full print/digital rights, so you can print your images anywhere and share them freely with friends and family.

Before Your Session

Here are a few important reminders before your session:

- Confirm your date, time, and location at least 72 hours in advance.
- Please arrive 10-15 minutes early to ensure a relaxed start.
- Review outfit choices ahead of time and coordinate colors without overly matching.
- Bring water, snacks (especially for children), and any props you'd like to include.
- If weather looks uncertain, I'll contact you to discuss rescheduling options.

What to Expect the Day Of

On the day of your session:

- We'll start with a quick introduction and review of your must-have shots.
- I'll guide you through poses while keeping things natural and comfortable.
- Expect a mix of posed and candid moments to capture genuine emotion.
- For young children, we'll take breaks as needed and keep things playful.
- I'll keep an eye on details like hair, outfits, and backgrounds to ensure beautiful images.

Style & Outfit Guide

Choosing the right outfits can make a big difference in your photos. Here are some tips:

- Choose a color palette of 2-3 coordinating tones.
- Avoid large logos, text, or overly busy patterns.
- Layers and textures photograph beautifully (scarves, sweaters, jackets).
- Wear clothing you feel comfortable and confident in.
- For group sessions, coordinate colors without everyone wearing the exact same thing.

Delivery & Aftercare

Your images will be delivered within 4 weeks after your session via an online gallery link. From there, you can download your high-resolution images or purchase additional images if desired.

Be sure to back up your images in multiple locations to ensure they're safe for years to come.

Policies & Releases

Here's a quick overview of important policies:

- ****Cancellation Policy**** – A non-refundable deposit is required to secure your session. If you cancel less than 72 hours before your session, your deposit will be forfeited. Cancellations made more than 72 hours in advance may transfer the deposit to a rescheduled date within 90 days.
