

HOSTESS AMBASSADOR TITLE REQUIREMENTS

The Miss American Hostess title is designed to recognize all royalty that has supported the American Ambassador pageant system. To earn this title, the contestant must have earned 10,000 points prior to this year's pageant. (Points are not accumulative from year to year.) The following is a list of how the contestant can earn points:

Recruiting – 2000 points each

For every new contestant that the contestant brings to the pageant, they will earn 2000 points per person. The new contestant must compete in this year's pageant; otherwise, it is considered just a referral.

Referrals – 200 points each (Limit only 10 referrals)

For every complete referral (name, phone number, and email address) that the contestant gives to the American Ambassador Pageant System, they will earn 200 points for each one.

Titles – 1000 points each

For every title a contestant competes for, they will earn 1000 points.

Appearances – 100 points each

For every appearance that the contestant makes representing the American Ambassador Pageant System, they will earn 100 points.

Optional Entries – 100 points each

For every optional competition that the contestant competes for, that does not lead to a title, they will earn 100 points.

NEW! Social Media Posts – 25 points each

For every social media post, the contestant will earn 25 points each. The social media posts must be related to the American Ambassador Pageant system in a positive light. Don't forget to tag us so we can track your posts!
