

Tips

For your

Bridal Appointment

What to wear

Dont worry too much about what to wear, however as our bridal consultants will be helping you into the dresses we do ask they you wear underwear for hygienic reasons.

Some brides to be like to wear a strapless bra to help you see the final look of the dress without seeing bra straps.

We do ask that you don't wear heavy makeup or tanning to your appointment to safeguard the cleanliness of the dresses.

If you have picked out your wedding shoes, bring these along to your appointment so you can see how the dress will sit when wearing them.
