

## Boy Scouts Shooting Sports

The BSA is proud to partner with the Scholastic Action Shooting Program (SASP) to provide competitive shooting experiences for Venturing-age youth. This program uses the standard SASP competition procedures for the senior and collegiate rimfire and centerfire divisions.

## Scholastic Action Shooting

Scholastic Shooting Sports Foundation (SSSF) is the national governing body for youth speed shooting on steel targets, offering kids from 12 years old through college the opportunity to safely participate in our exciting team-based Scholastic Action Shooting Program (SASP) — a sport that can truly be enjoyed for lifetime.

Like all the sports SSSF offers, SASP is designed to instill in young people a set of personal values or character traits for fair play, compassionate understanding, individual responsibility, sportsmanship, self-discipline, and personal commitment. As the sport itself, these qualities will stay with them throughout their lifetimes, helping each young athlete reach his or her full potential.

- Our athletes compete in a centerfire and/or a rimfire division.
- Targets are steel circle or rectangular plates.
- All courses of fire are timed events.

SSSF is the official feeder program to USA Shooting and a path to the U.S. Olympic Shooting Team.

## Our Team

### The Beginning

Baden-Powell Pistol Team began in March 2015, to provide Venturers with the opportunity to compete in a shooting sport at a Venturing level. Venturing is a branch of the Boy Scouts, a coed program for 14 to 20 year old youths, focused on high adventure activities.

Recently, we have been taking middle-school scouts into our rifle rimfire program. This allows them to be part of the team, to practice and train. When they turn 14 years old, they will then have the opportunity to join Venturing ignorer to shoot pistols and compete in competitions. This transition provides the scout with knowledge, experience, and team building.

Feel free to contact us for more information on joining or sponsoring our team.

## Baden-Powell Scholastic Pistol Team

The Only Boy Scouts Action Shooting Team for Venture Crews

## Our Sponsors

## The Team and Coaches

## Joining

No experience is needed to join our team. Because this is a scouting team, every measure is taken to ensure the safety of our members and environment. Boy Scout and Scholastic Action Shooting program regulations are followed. The team has equipment. However, it is advised that you bring eye and ear protection and face mask.

Requirements: SASP registration is \$25; Uniform cost is approximately \$70; ammunition may be purchased through the team.

To compete, youth members must be a Venture Crew member.

## Practices & Competitions

Practices are typically Sunday mornings. These practices are at Pima Pistol Club in Oro Valley or Southeast Regional Park Shooting Range. We practice with .22 caliber pistols and rifles, 1911, and Optics. As we approach competitions, practices may occur more frequently. So always check the team calendar on our website.

The focus of practices will be on technique and procedures. Since teams are in groups of four, working with your teammates become crucial in preparation, technique, and support.
