

ANDROID

Download Your Apps

- Easy Voice Recorder (free) or Easy Voice Recorder Pro (\$5 one time)
- VLC

1. Open Easy Voice Recorder or Easy Voice Recorder Pro
2. Click on file name and change it to whatever you want it to be
3. Click record button to record your story
4. Click record button to pause and restart or click check mark to be done
5. Click listen on right side near top to see the recording you just made
6. Now exit out of Easy Voice Recorder
7. Open VLC app
8. Choose browse at the bottom
9. Choose internal memory folder
10. Choose EasyVoiceRecorder file
11. Locate the file you just made and hit the 3 buttons to the right
12. Choose add to playlist
13. Name your new playlist
14. Hit the back button arrow at bottom right
15. Choose playlists
16. Choose the folder you just made
17. Add as many stories as you'd like and now you are ready to create a practice around listening to your stories.
