

12064 WOODSIDE AVE. SUITE 104
LAKESIDE, CA 92040

To Our Valued Clients,

29 May 2025

We hope you're doing well, and as always, thank you for trusting us with your welding needs. We truly appreciate your business and the relationships we've built over time.

Starting June 1st, 2025 we'll be making a couple of small updates to our billing:

- We'll now be charging portal-to-portal, which means an average of 30 minutes each way will be added to each invoice to account for drive time, billed at \$150.00 the hour.
- We will be billing for time spent on drop-off and pick-up of materials to and from our vendors at the same rate listed above.
- Our shop welding rate will increase by \$75 to help cover rising costs in materials, fuel, and overhead expenses.

This is the first time we've adjusted our rates, and it's not a decision we made lightly. These changes will help us continue providing the level of quality and reliability you've come to expect from us.

We're grateful for your continued support and look forward to working with you on your next project. If you have any questions, feel free to reach out.

All the best,

JG Mobile Welding
