## FUSION LIFT

### CONVENIENCE AND VERSATILITY IN ONE

The AL300 features Harmar's Stars-N-Stripes aluminum deck design, dedicated to our veterans and commemorating Harmar's heritage as an American company.

Compatible with most scooters and power wheelchairs, it safely secures the mobility device with four, easy-to-operate, Q'Straint retractors. When empty, the platform automatically folds up and out of the way with the flip of a switch.
