\* The Rascal™ Carbon Cruiser is an FDA Class II Medical Device designed to aid individuals with mobility impairments.

\*\* Transport of this item on commercial aircraft is subject to federal regulations and airline policy. Please consult your airline prior to your flight to ensure your Carbon Cruiser is permitted.

### FOLDS QUICKLY FOR TRANSPORT OR STORAGE

At a folded depth of approximately 12" and a weight of only 42 lbs. (without battery), the Carbon Cruiser can easily be picked up and placed into most vehicle trunks.

The Carbon Cruiser's dual flip-up armrests make it easier to get in and out of your power wheelchair.

FDA Class II Medical Device

Easy-to-use joystick controller includes power button, battery meter, speed adjustment, and horn.

Weight: 4 lbs.  
Dimensions: 12.6" x 3.1" x 2.5"

Lightweight and compact, the removable lithium battery can easily be stowed in a carry-on bag.

The Carbon Cruiser's standard features include a cupholder, storage pockets, and caster suspension

### SPECIFICATIONS

<b>WEIGHT CAPACITY</b>	300 lbs.
<b>GROUND CLEARANCE</b>	2"
