

THE OUTRIDER – Out of the Void

02 - Sweet Melody

Sweet melody, sweet melody

Sweet melodies

Sweet melody, sweet melody

Sweet melodies

Come dream the dream

She takes me up and holds me tight

Bourne along on a sleepless night

To a place that nobody could believe

Sweet melody, sweet melody

Sweet melodies

Sweet melody, sweet melody

Sweet melodies

Sweet melodies are alive

Like the sea she arrives in waves

She's in the air that we need to breathe

Cool and refreshing like a symphony, you've got me beat

Sweet melody, sweet melody

Sweet melodies

Sweet melody, sweet melody

Sweet melodies
