ABOUT US

MEI Design is a Johannesburg-based exhibition stand design, manufacturing, and installation company delivering world-class solutions across South Africa, Botswana, Zimbabwe, Namibia, and Zambia.

With a team of 45 permanent specialists and proud membership of the Exhibition Association of Southern Africa (EXSA), MEI Design brings together creative excellence, technical precision, and operational reliability to create exhibition environments that perform.

VISION

To be Southern Africa’s most trusted exhibition stand partner, setting the industry benchmark for reliability, accountability, and delivery — where certainty is not promised, but contractually guaranteed.

MISSION

To design, manufacture, and deliver world-class exhibition stands through complete in-house control, innovative manufacturing, and disciplined project management — backed by a financial delivery guarantee that protects our clients and ensures every project is delivered on time, without compromise.

OUR DELIVERY GUARANTEE

MEI Design is proud to offer an African-first financial time-penalty contract for exhibition stand delivery — a bold commitment that truly puts our money where our mouth is.

In an industry where deadlines are often promised but rarely guaranteed, this contract is designed to protect our clients against late or non-delivery. Before any project begins, MEI Design and the client agree on a set of clearly defined project deliverables and timelines. These deliverables are dictated by MEI Design as the supplier, based on proven production and installation schedules.

Should MEI Design fail to meet any of the agreed delivery milestones, financial penalties are automatically applied in accordance with the contract. This ensures that risk is not unfairly transferred to the client — it is shared, and owned, by us. This contract transforms deadlines from intentions into enforceable commitments, giving our clients complete confidence that their exhibition stand will be delivered on time, exactly as promised.

In simple terms:
If we don't deliver, we pay.
That is the MEI Design difference — accountability, certainty, and delivery without excuses.

SERVICE

POP UPS AND POINT OF SALE

From high-impact point-of-sale displays to premium retail pop-ups, we create modular and custom solutions that attract attention, drive engagement, and perform in fast-paced retail environments.

LARGE FORMAT DIGITAL PRINTING

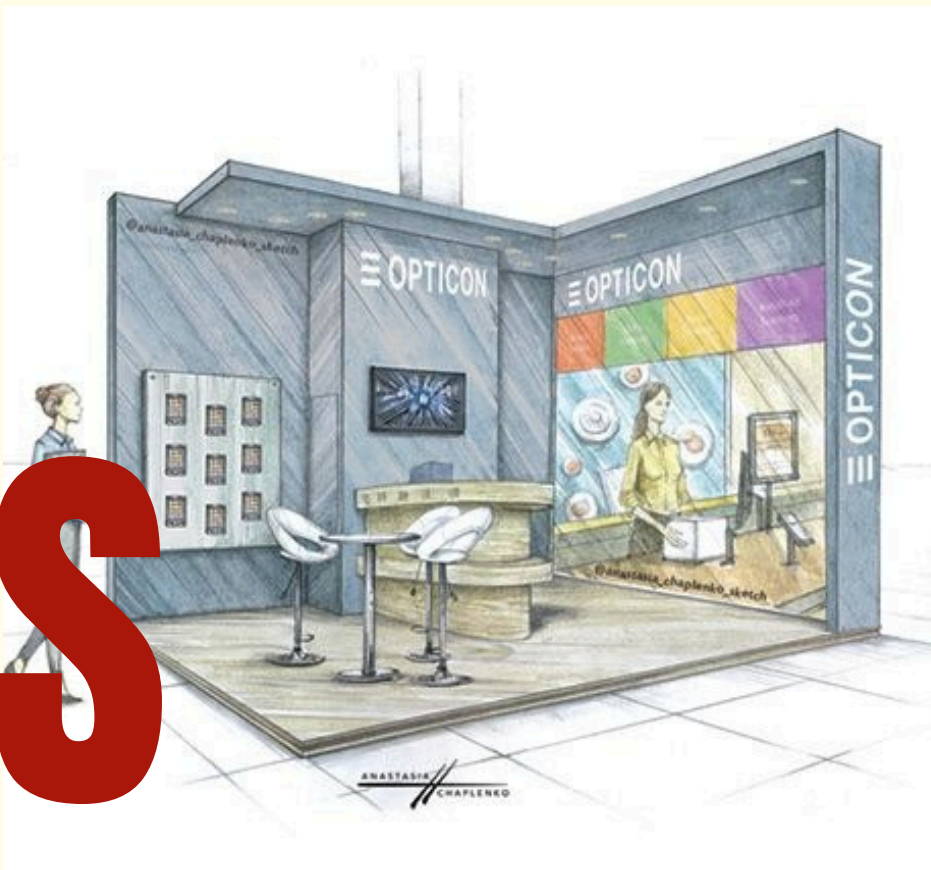

Our in-house large format printing delivers vibrant, high-resolution graphics for exhibitions, retail, and events — ensuring colour accuracy, consistency, and rapid turnaround without outsourcing delays.

EXHIBITION STANDS

We design, manufacture, and install custom exhibition stands that combine striking design with engineered precision. Delivered on time, every time — backed by our financial delivery guarantee.

IN-HOUSE CAPABILITIES

IN-HOUSE DESIGN & TECHNICAL TEAM

Our experienced designers and technical specialists work with cutting-edge design software and fabrication tools to transform ideas into build-ready exhibition solutions that are both visually striking and structurally flawless.

2000 SQM MANUFACTURING FACILITY

Our fully equipped 2000 sqm production facility combines skilled craftsmanship with innovative manufacturing technologies, enabling us to produce high-quality exhibition stands with complete quality control, speed, and consistency — all under one roof.

LARGE FORMAT DIGITAL PRINTING

From bold graphics to high-impact visuals, our in-house large format printing facility uses advanced print technologies to deliver vibrant, precision-branded solutions with rapid turnaround times and zero outsourcing delays.
