My ambition is to get h b hs to every human on the planet earth and beyond.  
(How not to be further embarrassed by such an admission?) Sincere laments, but  
also to every communicative intelligent life form in His universe as i have recently  
come to believe that all of us are now able to lovingly touch every other.

| dear career | | to date, your goals have rarely focused on the best, most compassionate Goods |

| mostly, they felt like the self serving, humility lacking streaming that follows | billing time when we were doing the fantastic fake diamonds **account** |  
| way back then | mostly back in the seventies when heaven to me was the scent of magic markers pouring forth misty layouts |

| netting such satisfaction

| as i was with one agency once, that last one because it was often my britches, they fired my big drunk head in 1981 |

| this turned out to be my last full time job experience working for anyone else in advertising or anything else | even still, nevertheless and fortunately for me, i got to work

With quite a number of account executives then and since on a freelance basis | and all i have ever known have been nice, smart, sharply dressed, focused and extremely astute in their ability to build profitable business relationships with clients | however, few had a clue about how to provide our customers with the very best bangs for their bucks | that is, knew how to achieve maximum memorability from a look |

| and the beat goes on | to this day, i have never heard of a comparison being made between the value of building a brand routinely doing new looks to sell is guaranteed recognition of a company's the same product | more precisely, ongoing success more effectively at getting

**new business than frequently**

the style of its message? | certainly it makes a promotional strategy | for the vast that brand repetition which focuses on guaranteed memorability works best | and if bill was still close, i believe he would agree |

perfect sense that such a correlation should be considered before selecting organizations, i am pretty sure

| of all the thirty or so accounts i worked with back in the day, bill was my favorite | because when he always endeavored to deliver a personal sign

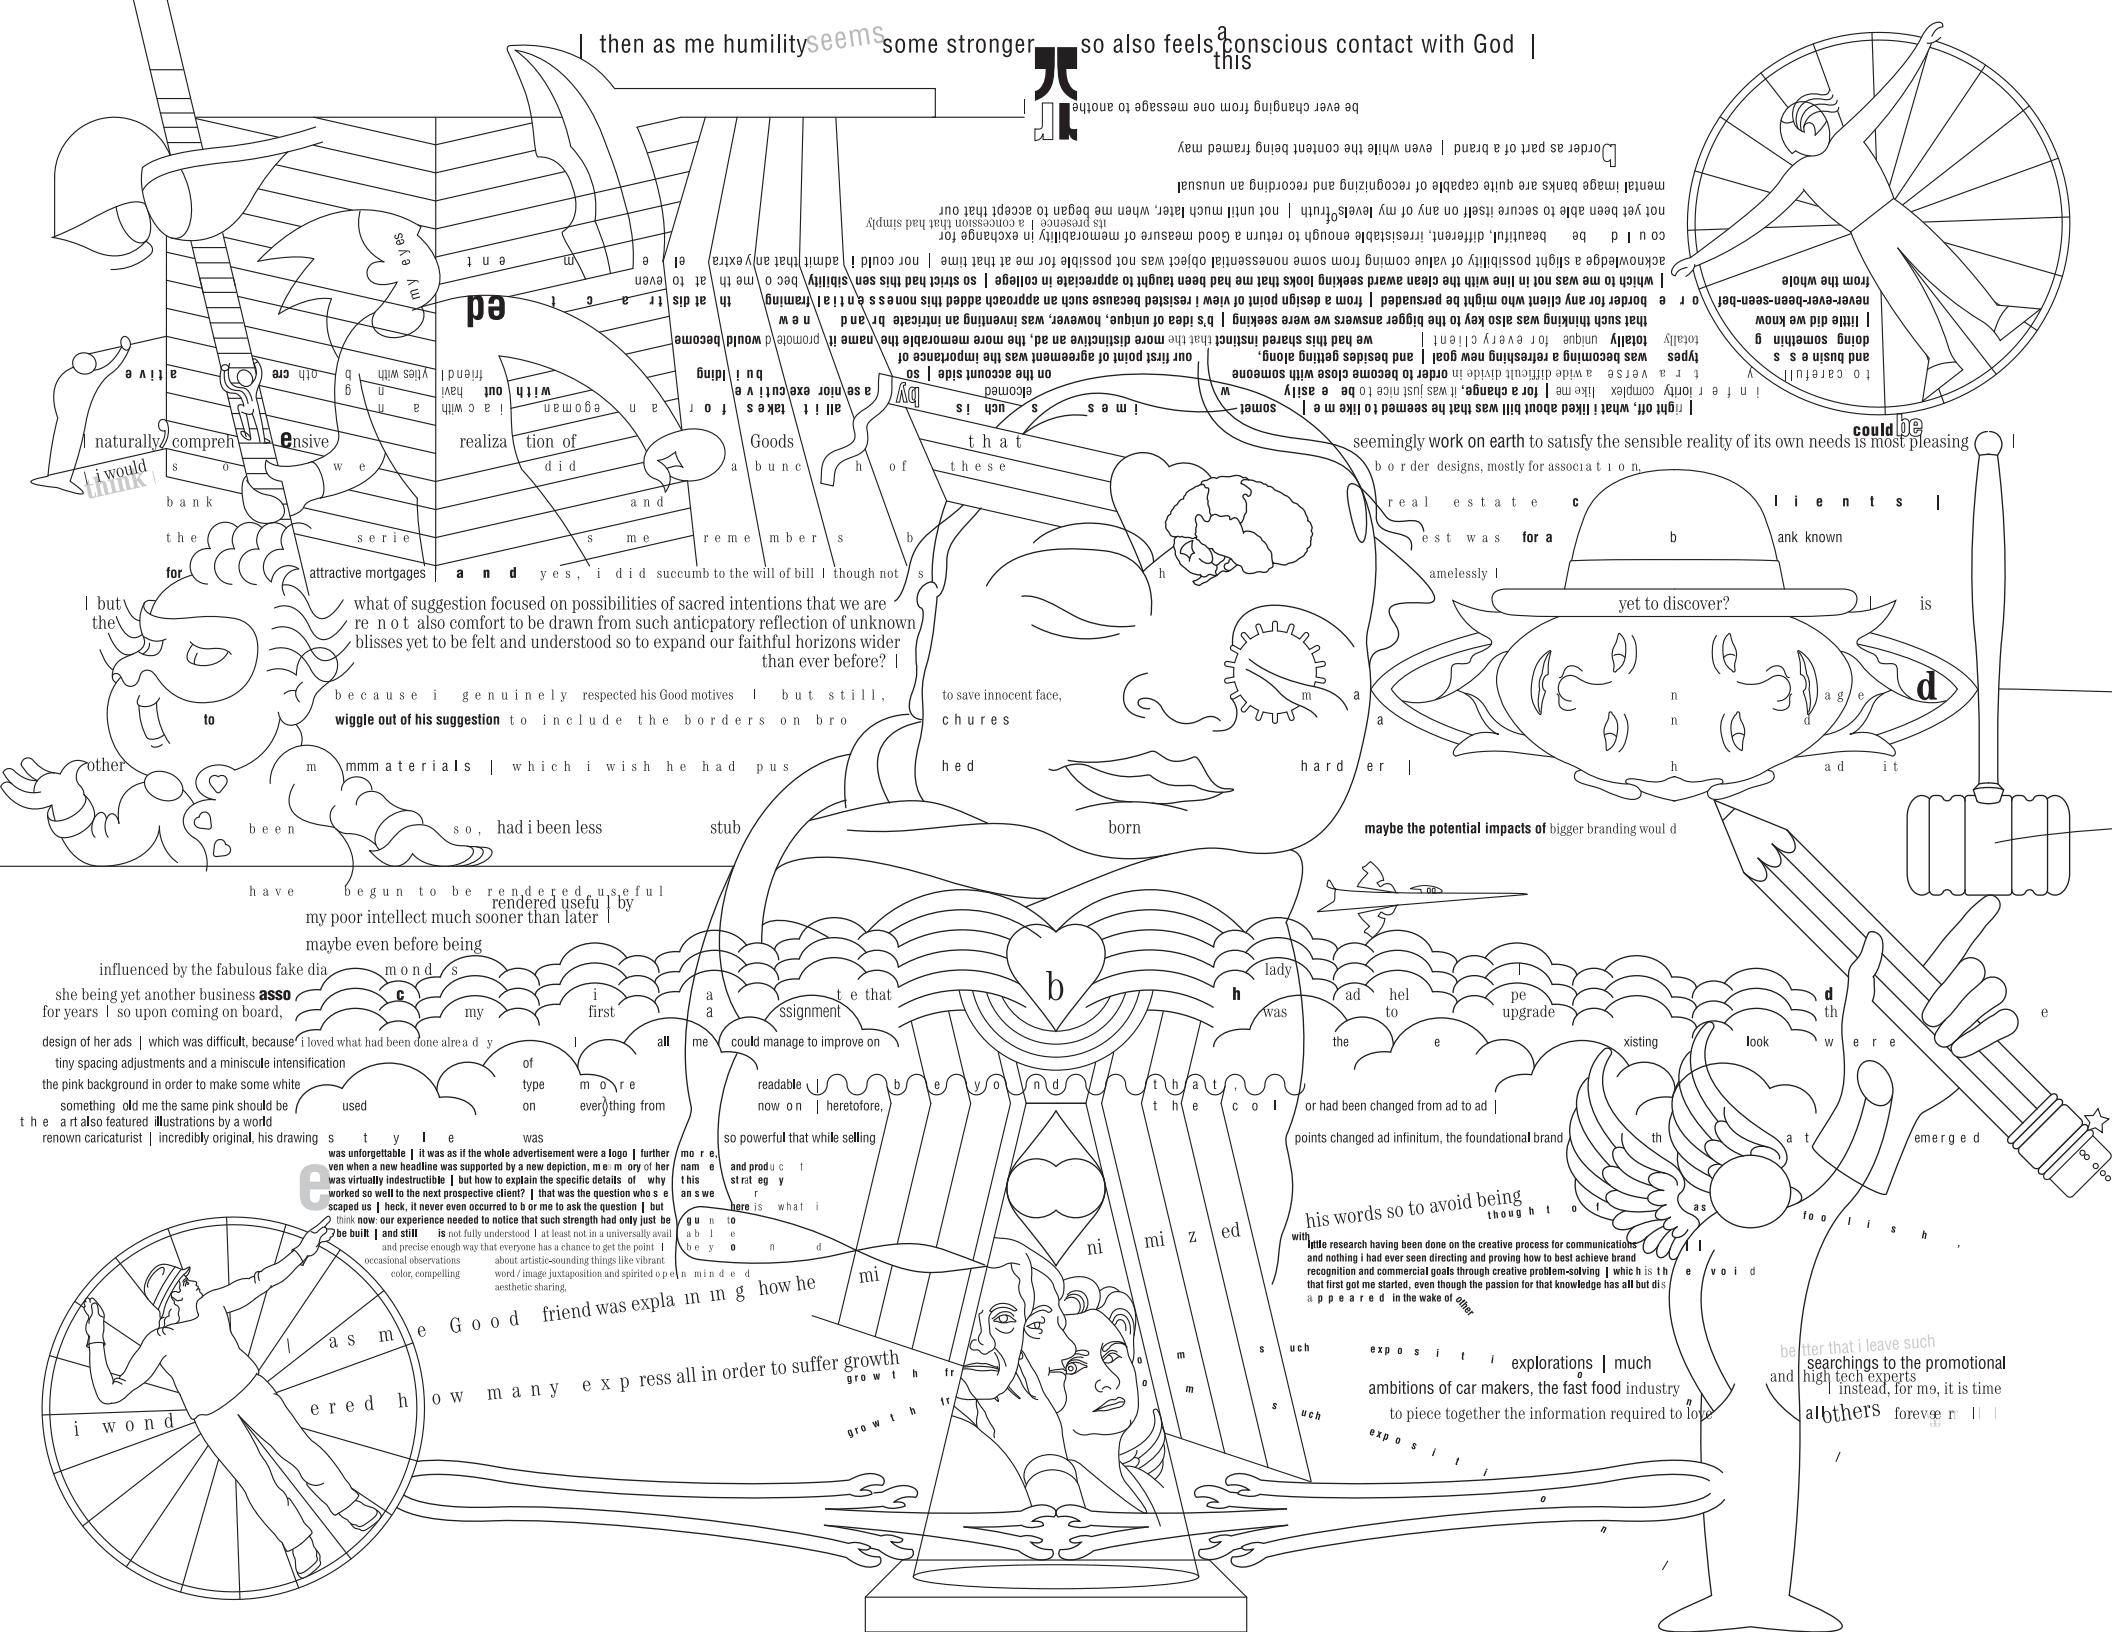

it came to develop an opinion communicating, he always guided by more than one principle until a client signed on any old thing was never enough | the change the headlines the client did not like blue | on an ad campaign we were told to make the sky a design

message crafting as it is usually practiced can be a very sort of logic was required to support an approach

then as me humility seems some stronger so also feels conscious contact with God
