part ii

1 compromise

some on the Good list are commandments, others are groups, then laws, religions, respects and

rules | each and all of those things

as i approach the last chapters of this life, me

s tired feeling and fuel productivity | that keeps us happy, working

together and reaching out |

could have sorted it better, at least

well

lazy brain feels like a fully covered chalked board with no room left for one more bit of input | surely me

to acknowledge all of the

solves of every other on a

enough to

allow more room for

Especially if one has come

to gain in the prowess

compassion, idealism, loyalty, protection and

God list

how else could it be as we reach up high

so far for inclusion?

for

to

to Good over bad than it is

after

finding the willingness to love

even when practiced well and in tangent with

do many still sculpt a being more

solution that could a heart into an acceptable

soul

then is there not some way to leave my selfish old brain out of it?

so to leniently hold gently every success

not that i can't

not if i am to put my best foot forward

order to feel God's goodness

to be thoughtful in order

order to survive, to learn to

trust in

in order to maintain stability, so to

to finally make friends in

order to improve, to be accurate in order to fairly communicate and to be compliant in order to

open to a slower pursuit of

serenely composed

achieve | but then, suddenly, the

material progress opened

to a kind of studied peaceful pace that me poor brain has come to believe may be required for

of societal skill unexpectedly made me

quite a long time, me has

not how else to get by

so to realize

begin to see

needs significant rejuvenation | most

to enter and prevent from within

the best rooms of my own

an forever more

measured share

eternal

the

serenely joyful security of His Good grace

not of the

embrace |

of

of

of

begin to see

needs significant rejuvenation | most

to enter and prevent from within

the best rooms of my own

an forever more

measured share

eternal

begin to see

needs significant rejuvenation | most

to enter and prevent from within

the best rooms of my own

an forever more

measured share

eternal

begin to see

needs significant rejuvenation | most

to enter and prevent from within

the best rooms of my own

an forever more

measured share

eternal

begin to see

| charlie big
head's path

worthwhile
so easy compared to mine | even mark twin's famous duo of
identity directions only amounted to miniscule
veering compared to me own ongoing world tour of
unrewarding

identification misdirection |
which was

sweet way, sheri
her through this tedious process to our individual boots? |

entering the facility, as has ever been her
silence my lower power logically questionable while elbow

incredibly complicated and
unfortunately, me was unable to muster the
charlie earlier on | one more focused
creating new looks to market myself
more value to so many more
riddled with mistakes
same mindset as
on serving others rather than
would have resulted in
others | more income, more
brownie meetings with my daughters ,
more time for everyone and an extra large measure
of community | involvement for us all | which is not
to say sorry for lessons learned | but happy for them all |
as each be ever accompanied by faith in His love no matter
what jigs and jags occur along the way |
after all, bigger branding became part of my
livelihood because of all the detours i took |

it just hit me this morning as i did my steps | michael jordan's shaved head | a human head

as most any other rounded object | do you
resemblance, he exaggerated his look on purpose? | ironically
stripe, it is a very easy look to duplicate | so as time passes
these two identifications | as both are destined to

looks
as much like a basketball |
suppose, being conscious of the
though, like the renown big blue
so also may the strength of
be watered down by virtue
of
their easy designs being so

tempting for similar use by others

| hence forward about | o g i love
the world a happy place for everyone,
one requiring much more effort than
affection, anger, compassion,
must dictate what is the average
practice His golden rules
are practiced, most everyone
themselves to be practicing love
rather, it sometimes can become
approved by God or soul | still,
disadvantage | no wonder the wisdoms
similar caring page about peace | otherwise

the more fruitful future
shows great for all really is very
seemingly plausible
suddenly, i am
of the ages
many may
happy moments
there will be to go around |
surprise | now, out loud, we
different from our own? | that is how my
that there are as many different
not feeling so safe and secure | if every
unintentionally grow
awakening brain
an infrequent but familiar
she would prove to be impeccably
work best for the common Goods

the steadfast perfectionist
which kind of thinking is best suited to finding universally beneficial and gentle
reactions pursuing productivity solely from expected natural spontaneity | from
dishonesty, greed, generosity, happiness, honesty, ignorance, pain, on
of brotherly love that humanity dispenses on a daily basis? |
the better we all are able to
to such reasoning | i have never heard anyone
ponder what the perpetrators of some anti
poor brain phrases the question | be
fields of experience defining truth and
one is playing by a different set of
least get on a
more self-serving branches

heavily on support
solutions? |
rt from a reason to feel good
if the choice were
such as accept
and on |
that we do
while i believe
disagree could
out loud | and then,
have possibly been thinking
inspection of one's history, the
re individuals | until
they have faith
social behavior
cause upon close
Goodness as there
rules in which
in
would have
go this

about things | to these sweet hearted ones who really care about others | if the collective goal of humanity
has finally become to make
my cautious naming of it might be heartfelt logic | cautious, because the simultaneous use
of both intents to help is probably the most demanding way to love |
and e
therefore, should it, could it be that the kind pastimes of intense consideration might ever become truly
despite appearances to the contrary, my soul knows that the Lord will always hold out for improvement |
because logic probably
when illogical negative behavioral extremes
| but can it just be that the playing field on which they believe
justification for a destructive act is seldom a complete mystery |
the memory returns that no malicious deliberate hurting of another can be
are absolutely right, my own girls could be at an extreme
their codes of conduct than they can maintain |

been married, has my wife furthered that two
time around | even though
coming up with the happiest right

heads are better than one |
i had long ago come to agree
answers

agree that

years past

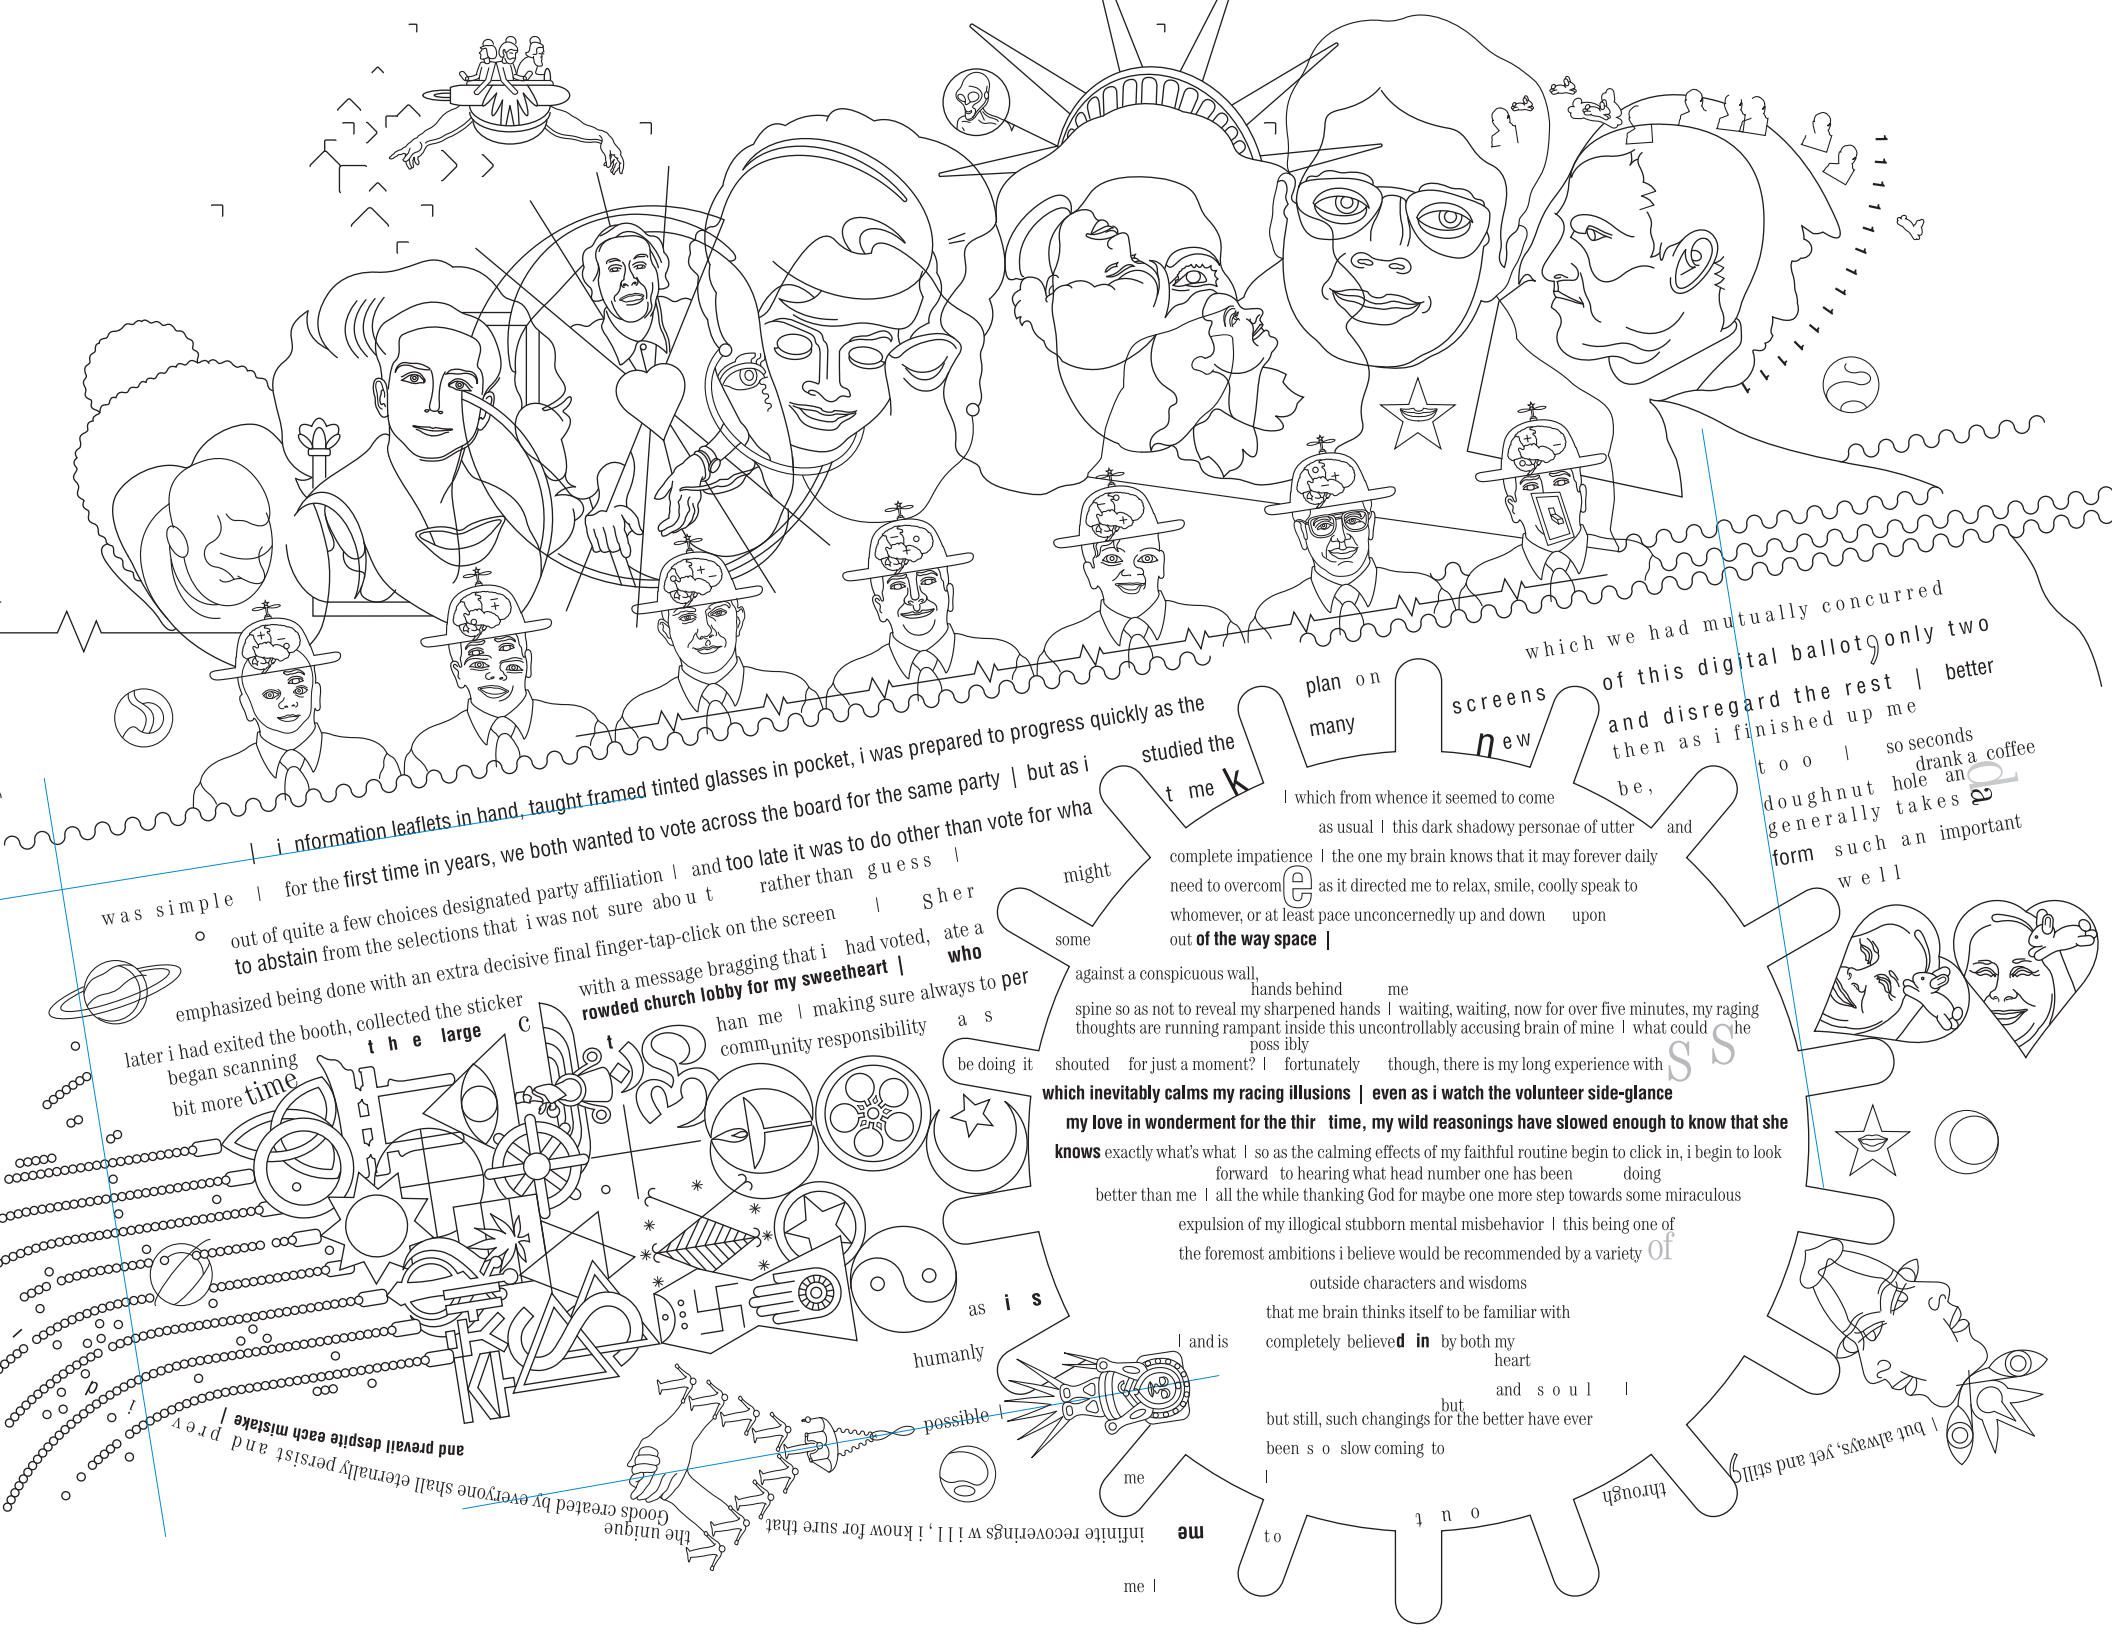

| but as we approached the door

between us
there was only one pair of glasses
while crossing the parking lot

no problem, i
thought, since the digital letters

the voting booth computer
screen had always been plenty
to see with the naked eye

big enough for us both

information leaflets in hand, taught framed tinted glasses in pocket, i was prepared to progress quickly as the
was simple | for the first time in years, we both wanted to vote across the board for the same party | but as i
out of quite a few choices designated party affiliation | and too late it was to do other than vote for wha
to abstain from the selections that i was not sure about rather than guess |

emphasized being done with an extra decisive final finger-tap-click on the screen | she
later i had exited the booth, collected the sticker
began scanning
bit more time
the large
with a message bragging that i had voted, ate a
rounded church lobby for my sweetheart | who
han me | making sure always to per
community responsibility as
be doing it

and prevail despite each mistake
the unique
Goods created by everyone shall eternally persist and prevail

studied the
t me K

plan on
many

screens
new

which we had mutually concurred
of this digital ballot only two
and disregard the rest | better
then as i finished up me
be,

so seconds
drank a coffee
doughnut hole an
generally takes
form such an important
well

might

some

against a conspicuous wall, hands behind me
spine so as not to reveal my sharpened hands | waiting, waiting, now for over five minutes, my raging
thoughts are running rampant inside this uncontrollably accusing brain of mine | what could he
possibly
shouted for just a moment? | fortunately though, there is my long experience with
which inevitably calms my racing illusions | even as i watch the volunteer side-glance
my love in wonderment for the thir time, my wild reasonings have slowed enough to know that she
knows exactly what's what | so as the calming effects of my faithful routine begin to click in, i begin to look
forward to hearing what head number one has been doing
better than me | all the while thanking God for maybe one more step towards some miraculous
expulsion of my illogical stubborn mental misbehavior | this being one of
the foremost ambitions i believe would be recommended by a variety of

outside characters and wisdoms
that me brain thinks itself to be familiar with
completely believed in by both my
heart

and soul |
but still, such changings for the better have ever
been so slow coming to

me
infinite recoverings will, i know for sure that

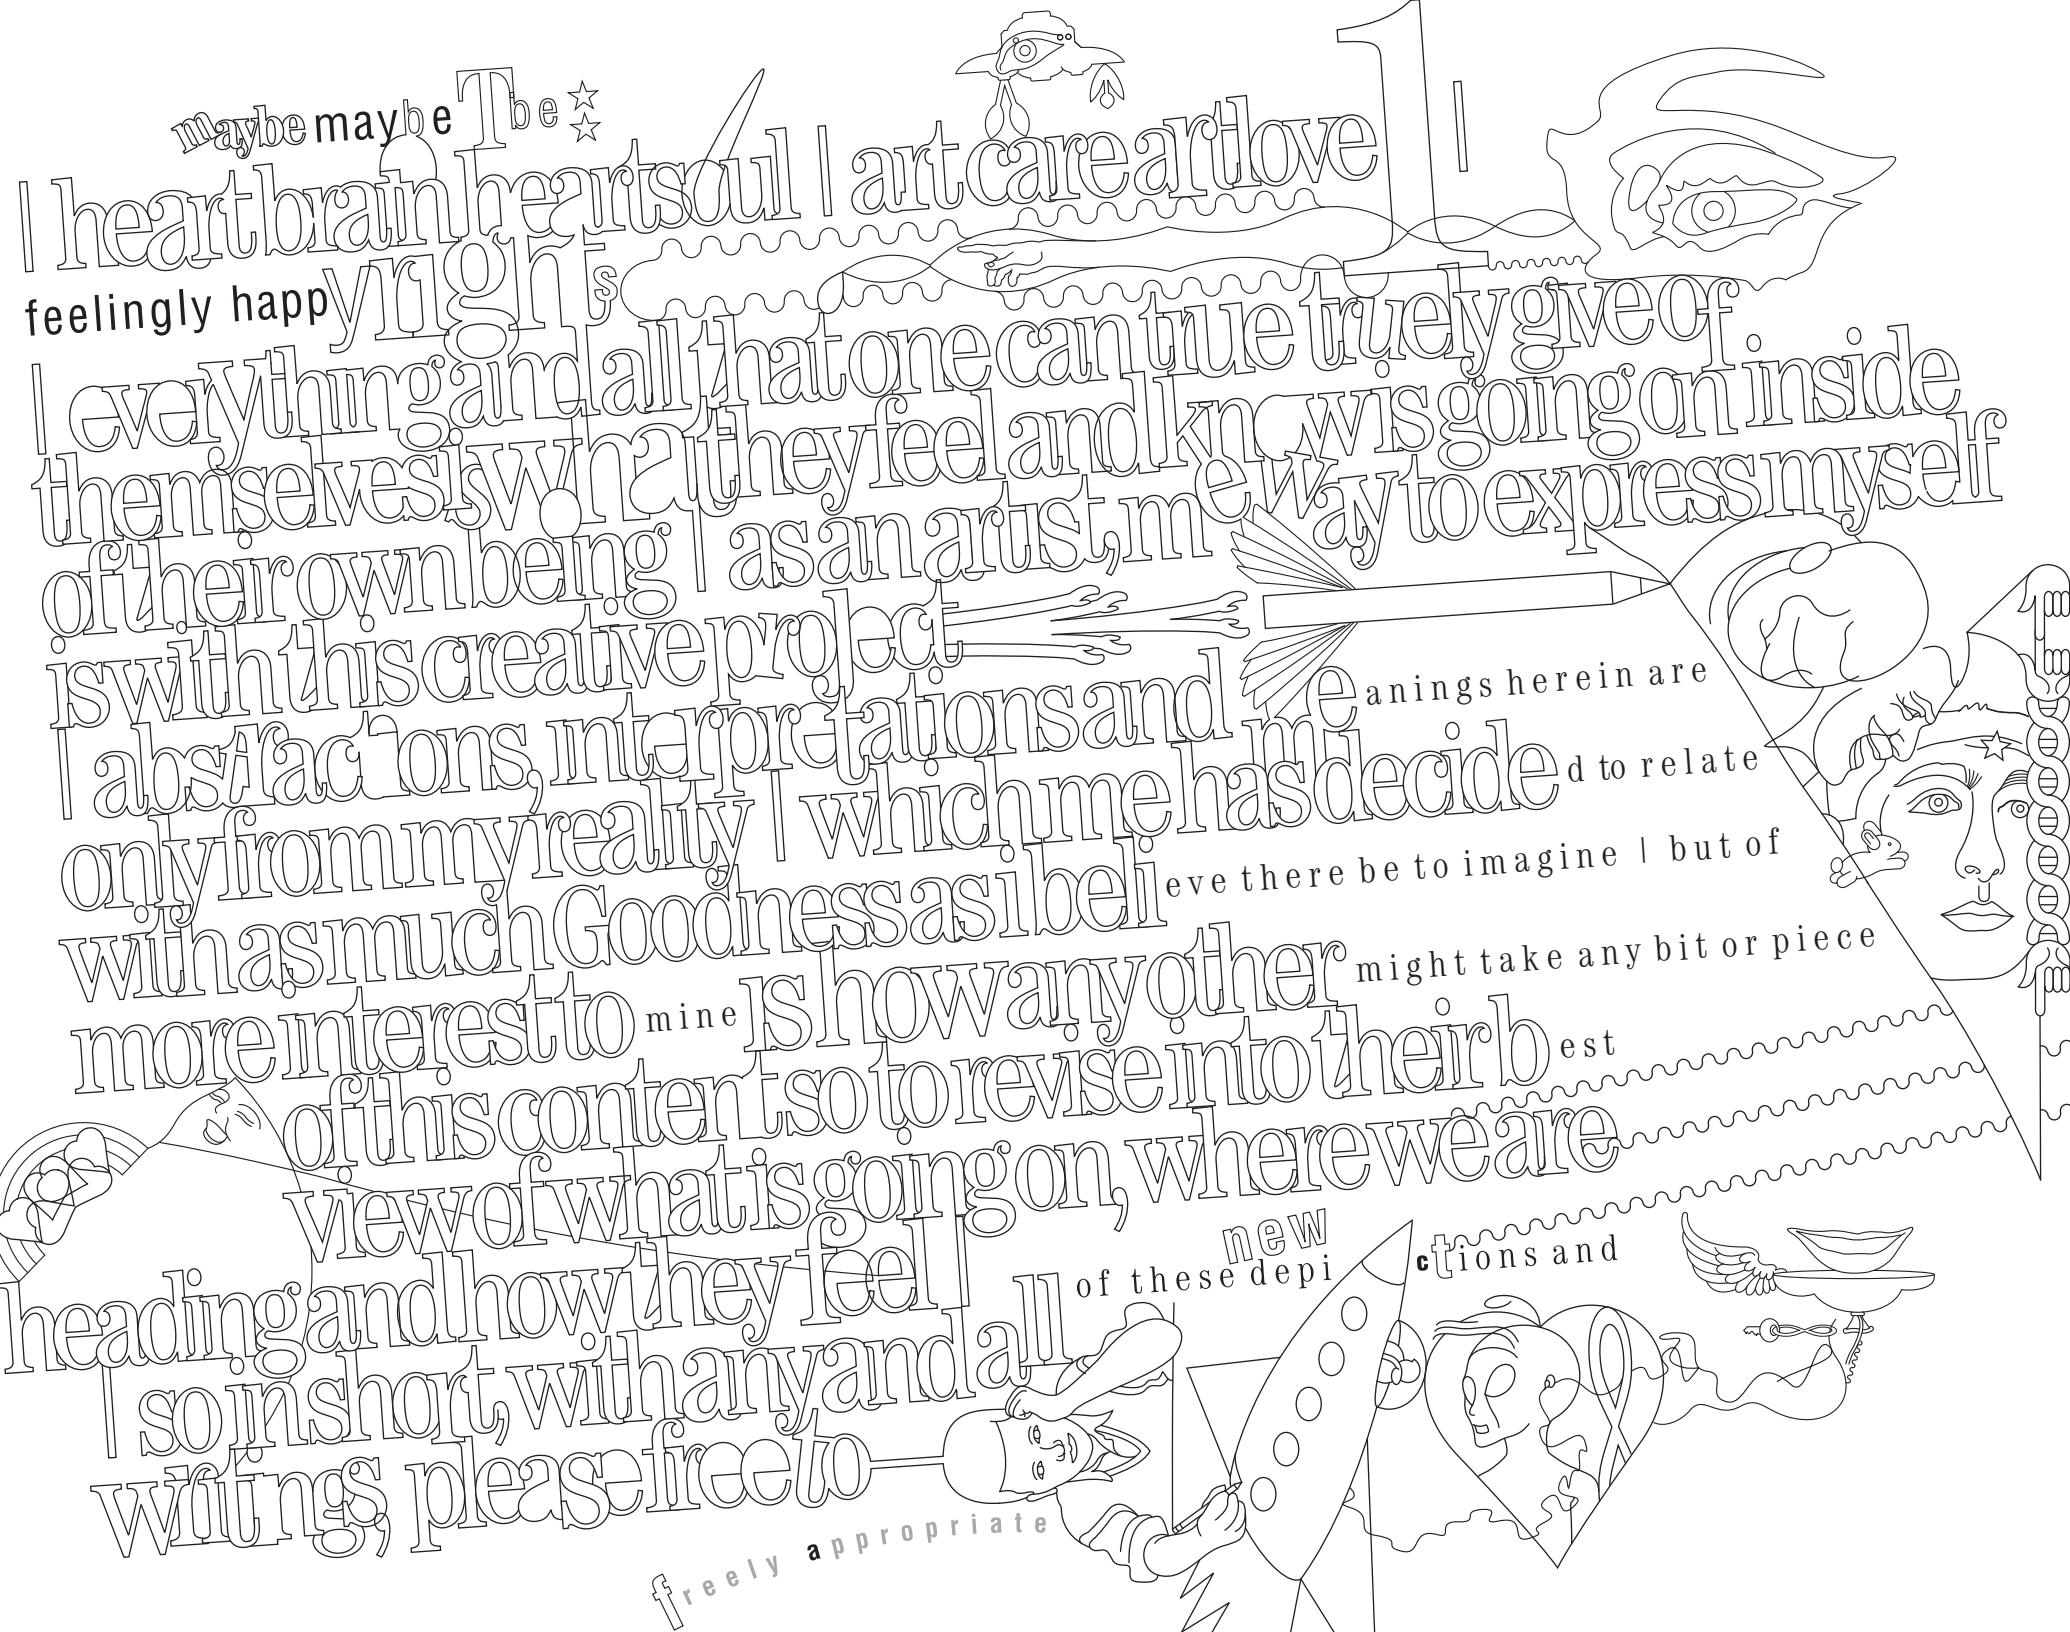

me |

to

t u o

through

but always, yet and still

maybe maybe The
I heart brain heartsoul I art care art love
feelingly happy
I everything and all that one can true truly give of
themselves what they feel and know is going on inside
of their own being I as an artist, me way to express myself
is with this creative project
I abstractions, interpretations and meanings herein are
only from my reality I which me has decide d to relate
with as much Goodness as I believe there be to imagine I but of
more interest to mine Is how any other might take any bit or piece
of this content so to revise into their best
view of what is going on, where we are
heading and how they feel
