

for life | oh how me be totally sure that such be truly true | (july 26, 2015) — | on tv today this one i love showed me how to treat my daughters | how me should treat them in every way

| and how so very well me knows that all the others would agree |
| so to our boys and to our girls must all blessings be given to each and every one |

oh heavens be, now i see how the momentum has begun | how all and

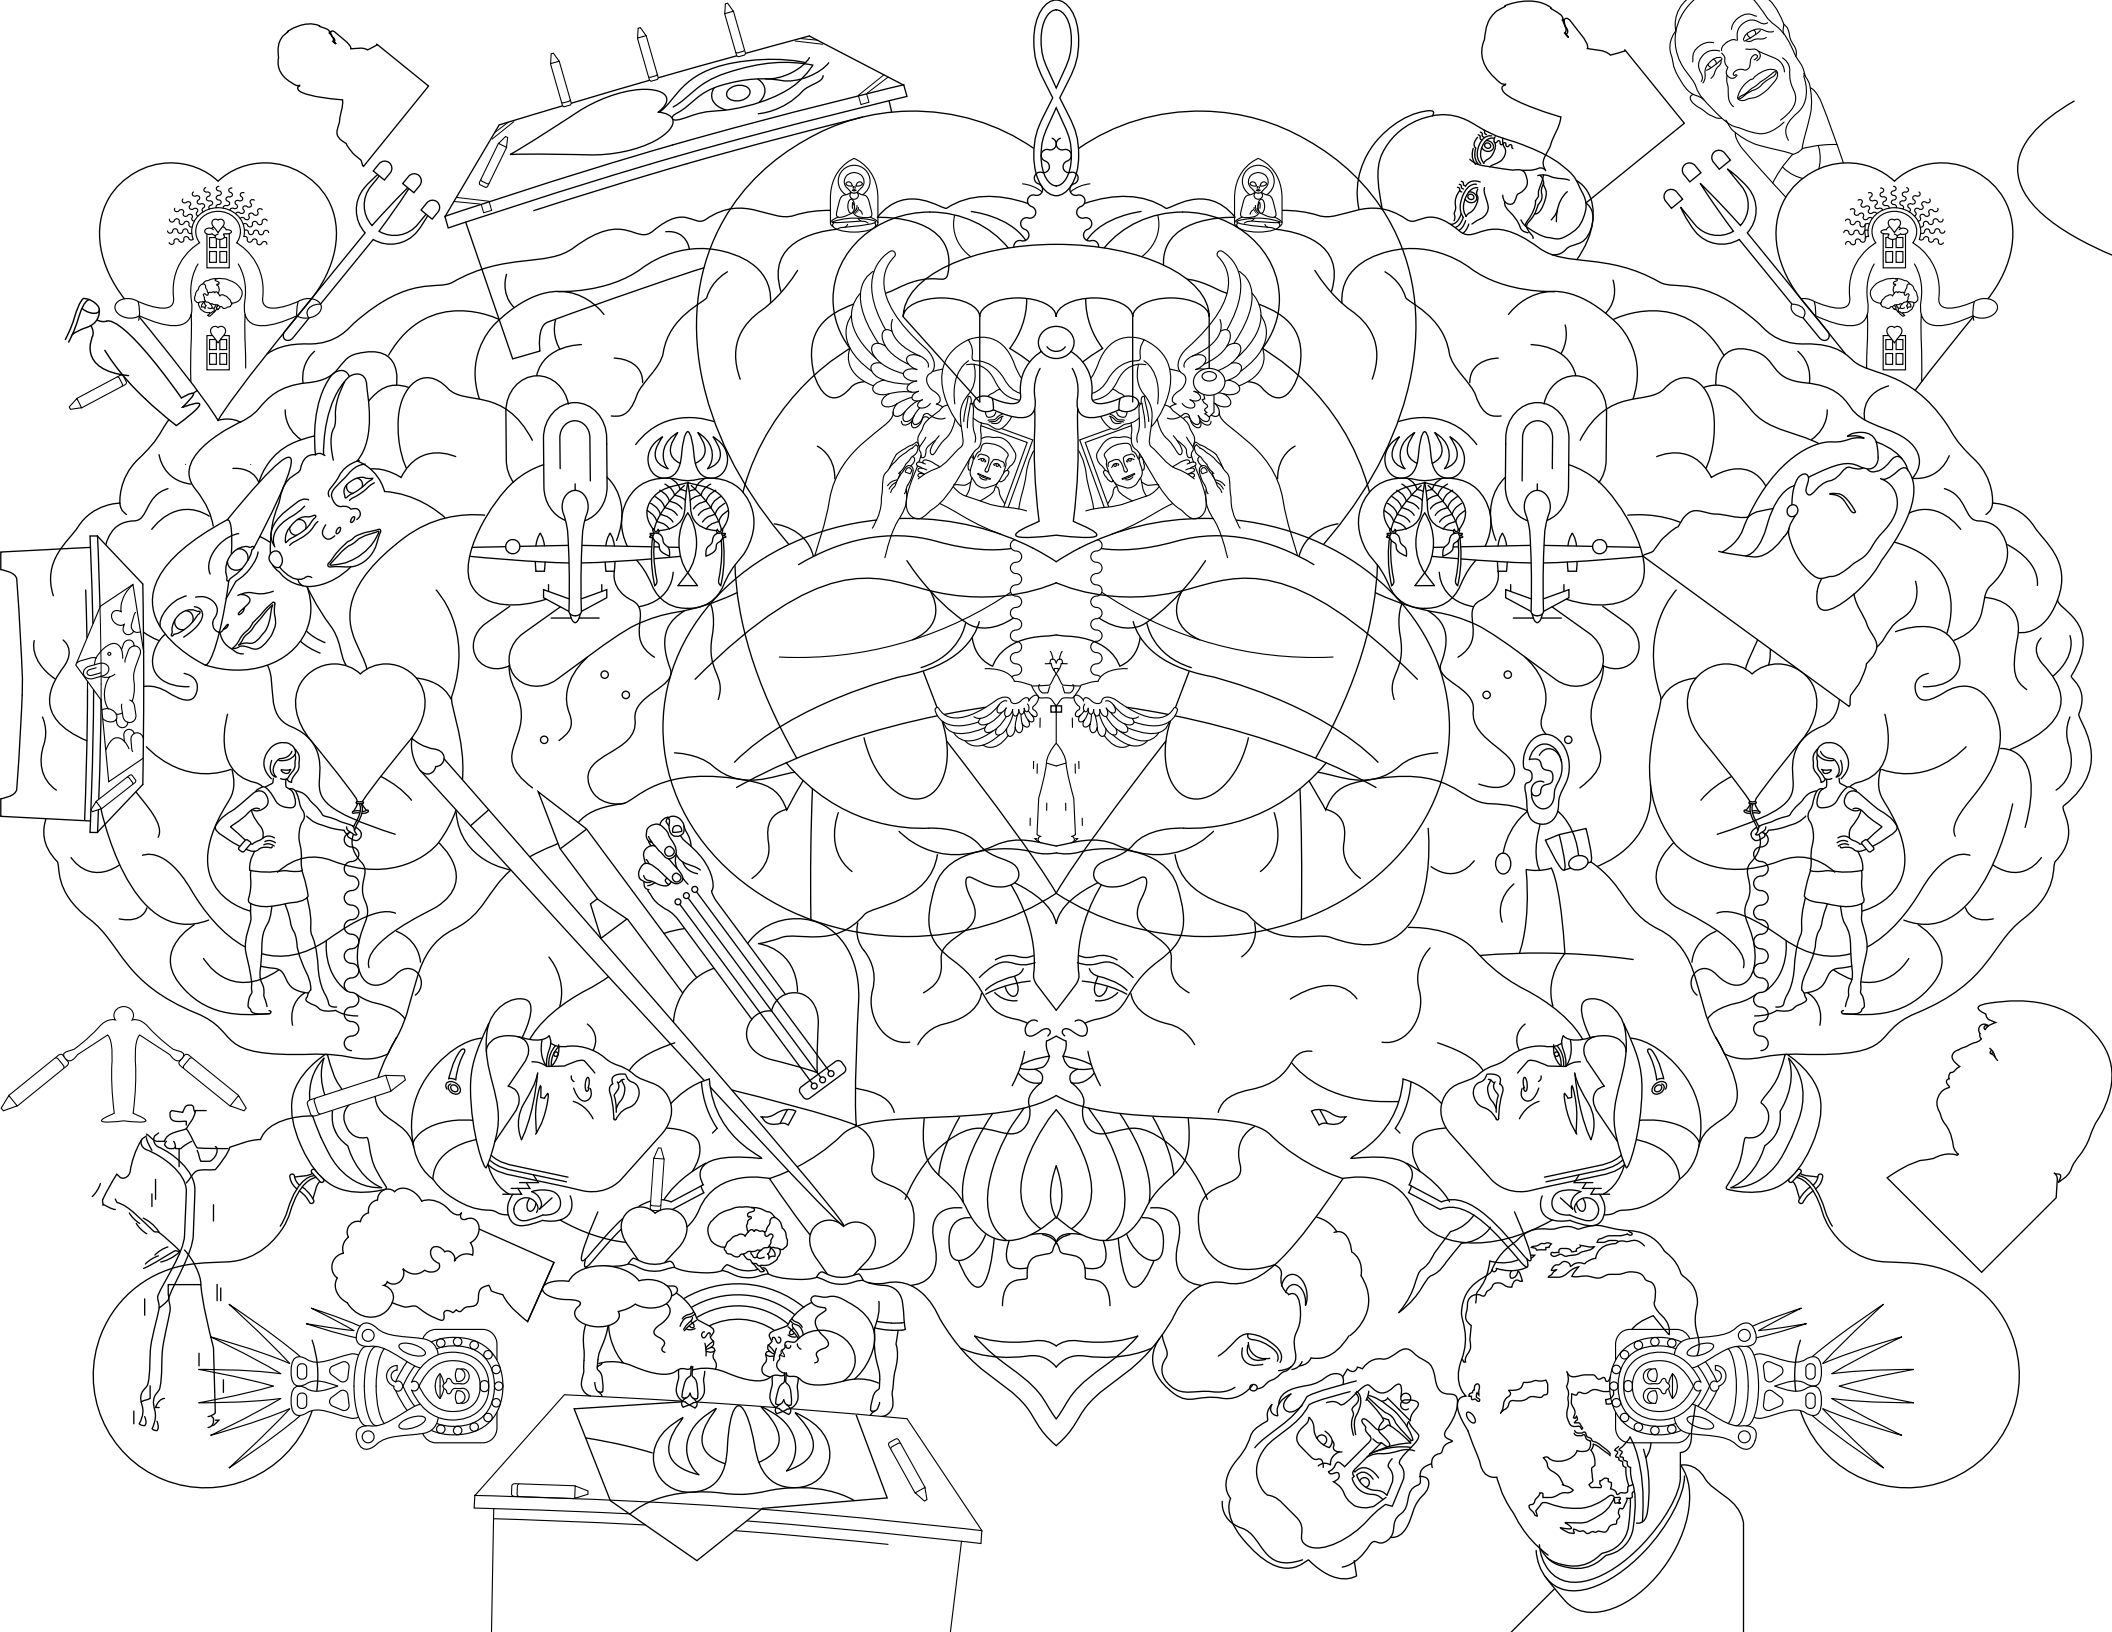

everyone be now wanting to reach out forever more |

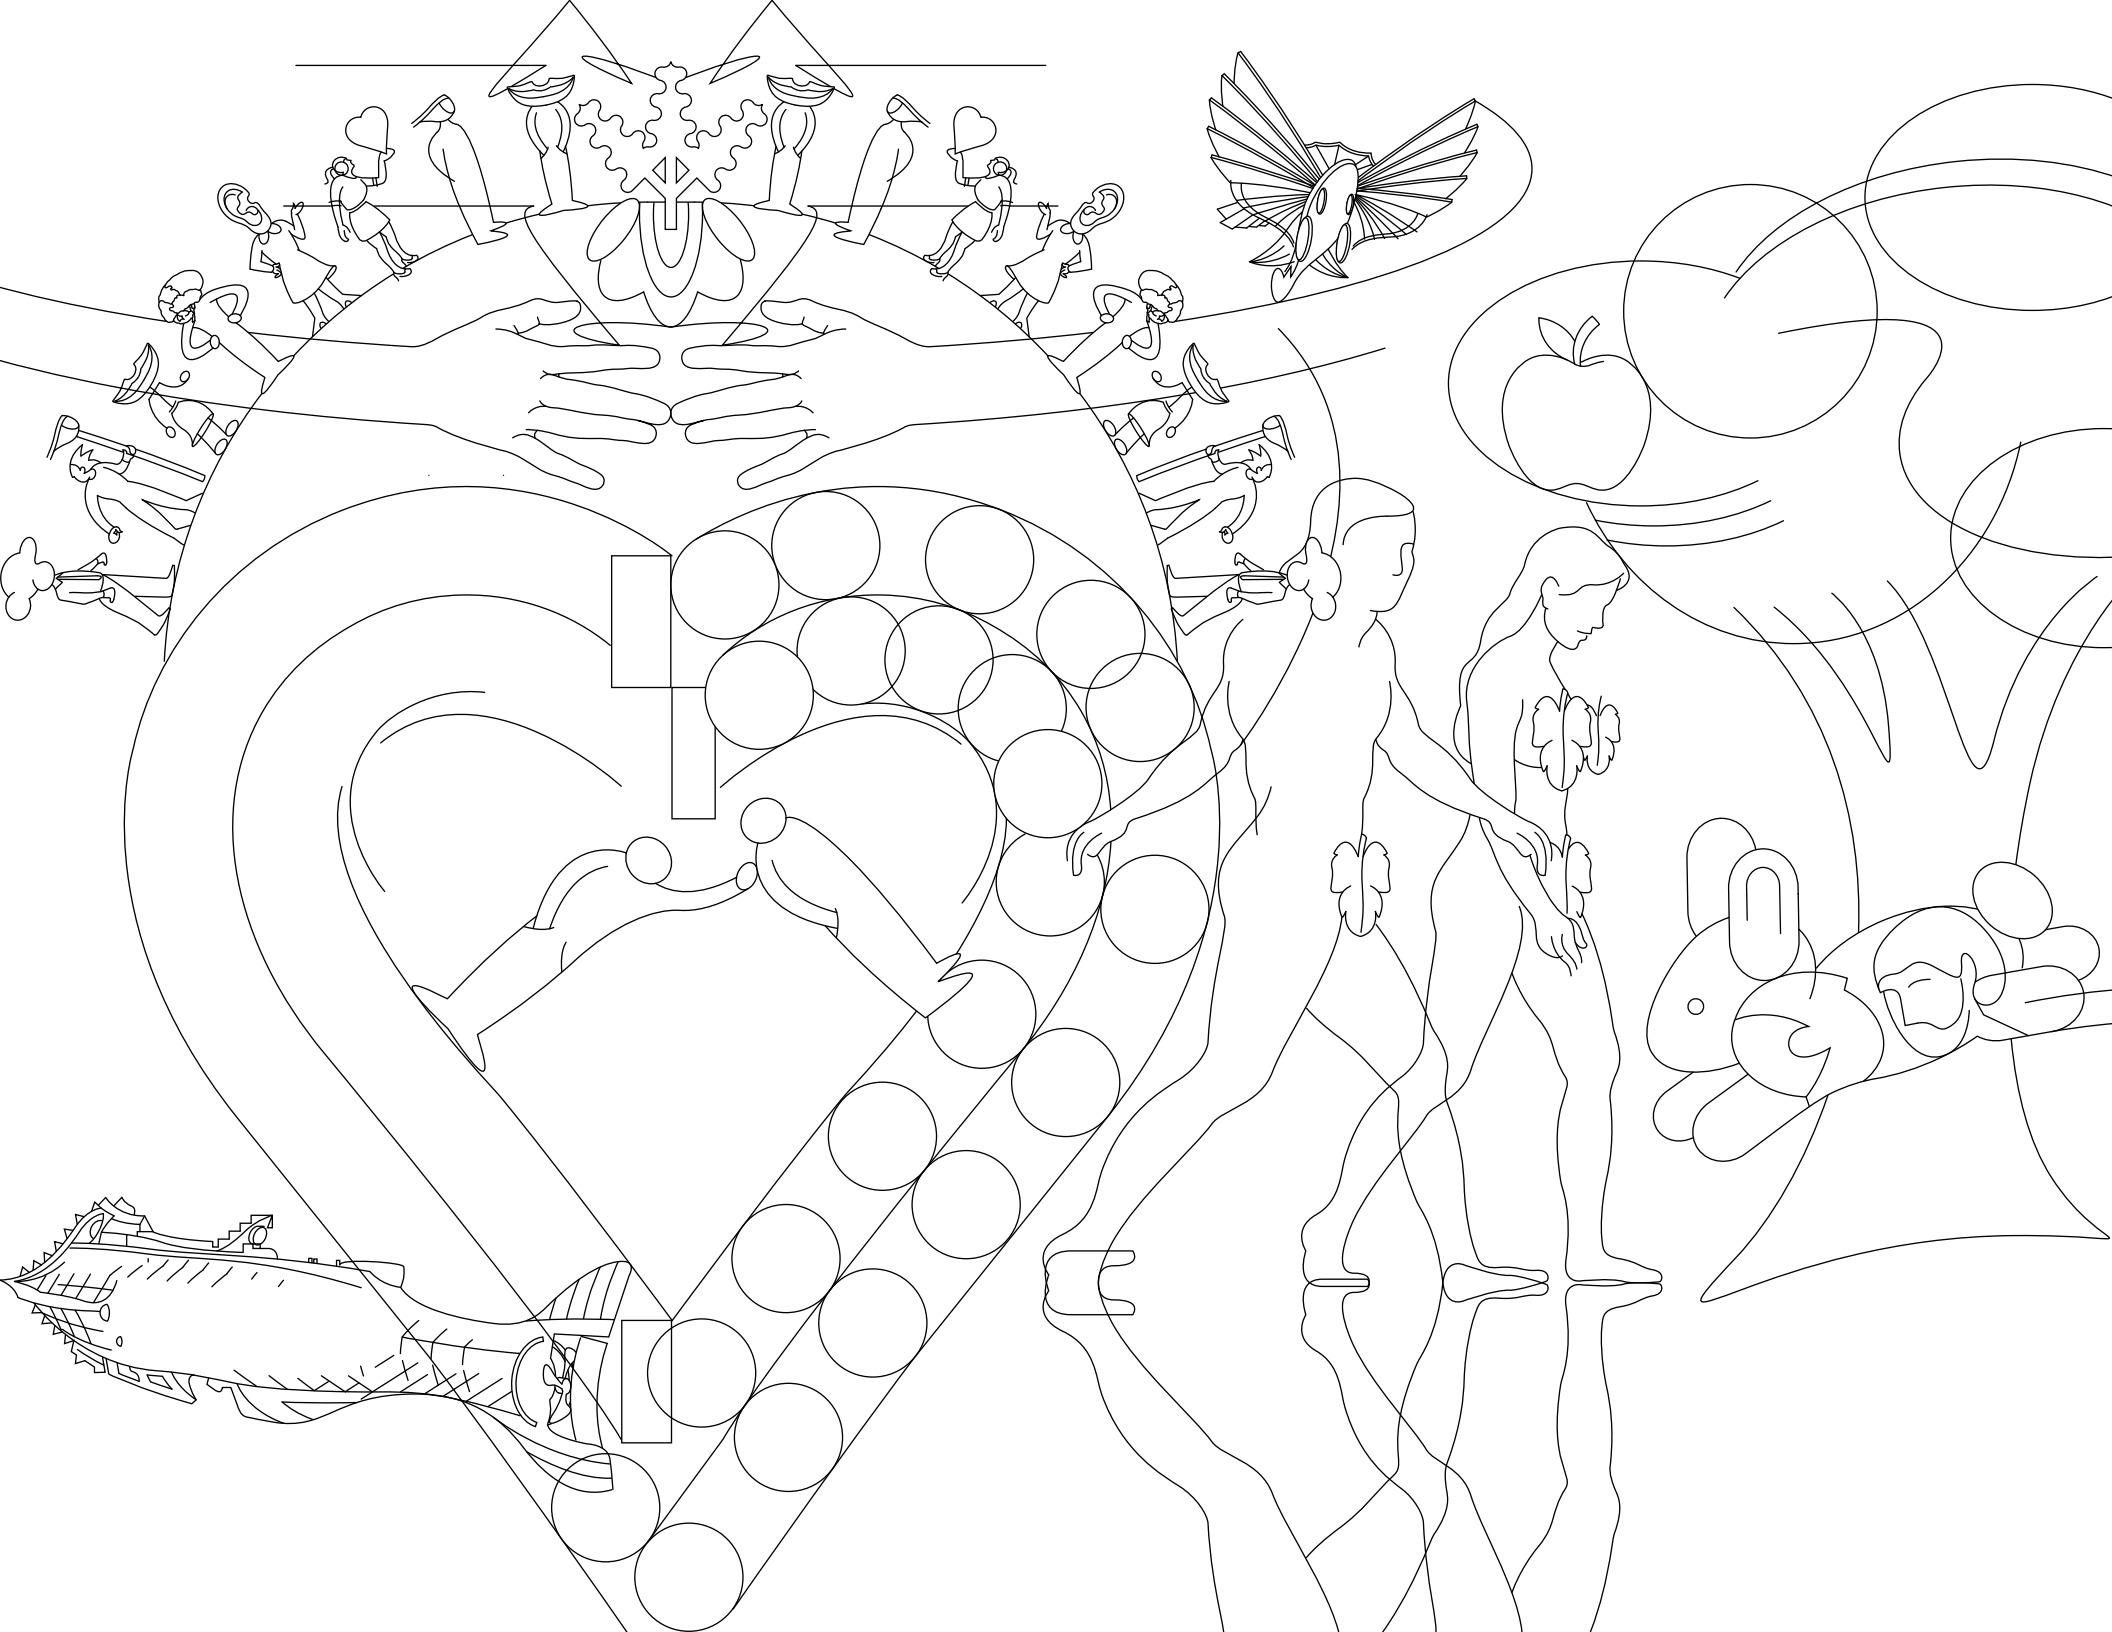

| so to Good touch every other living and soul in this universe

and beyond |

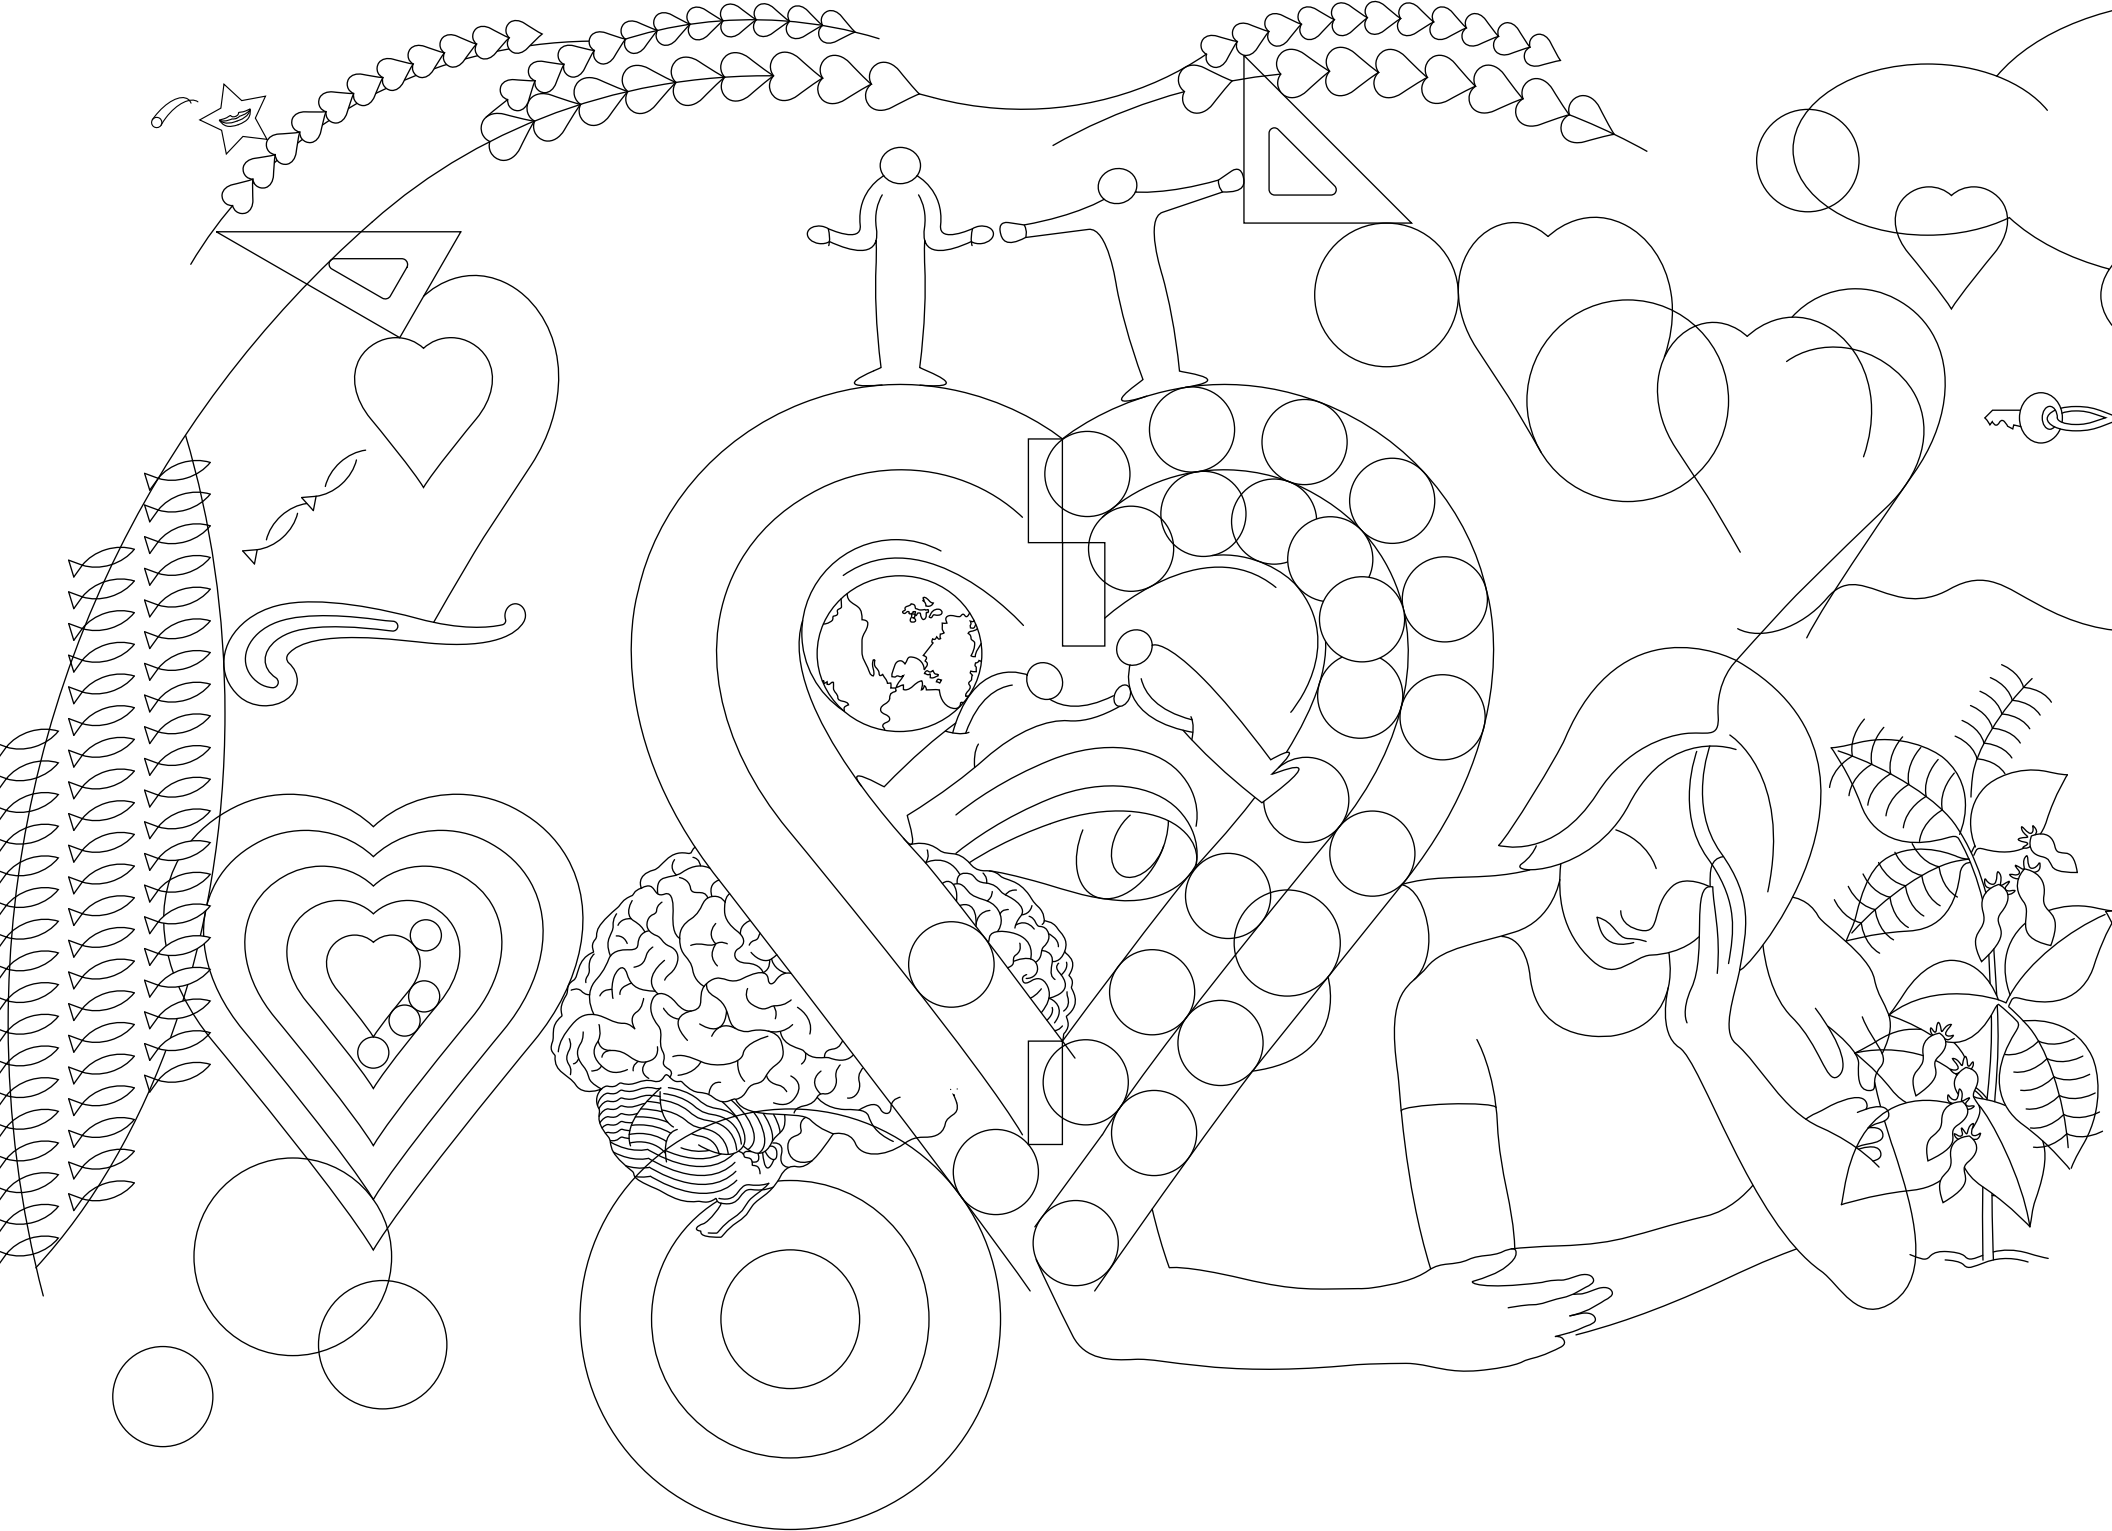

☆ we feel them too ☆

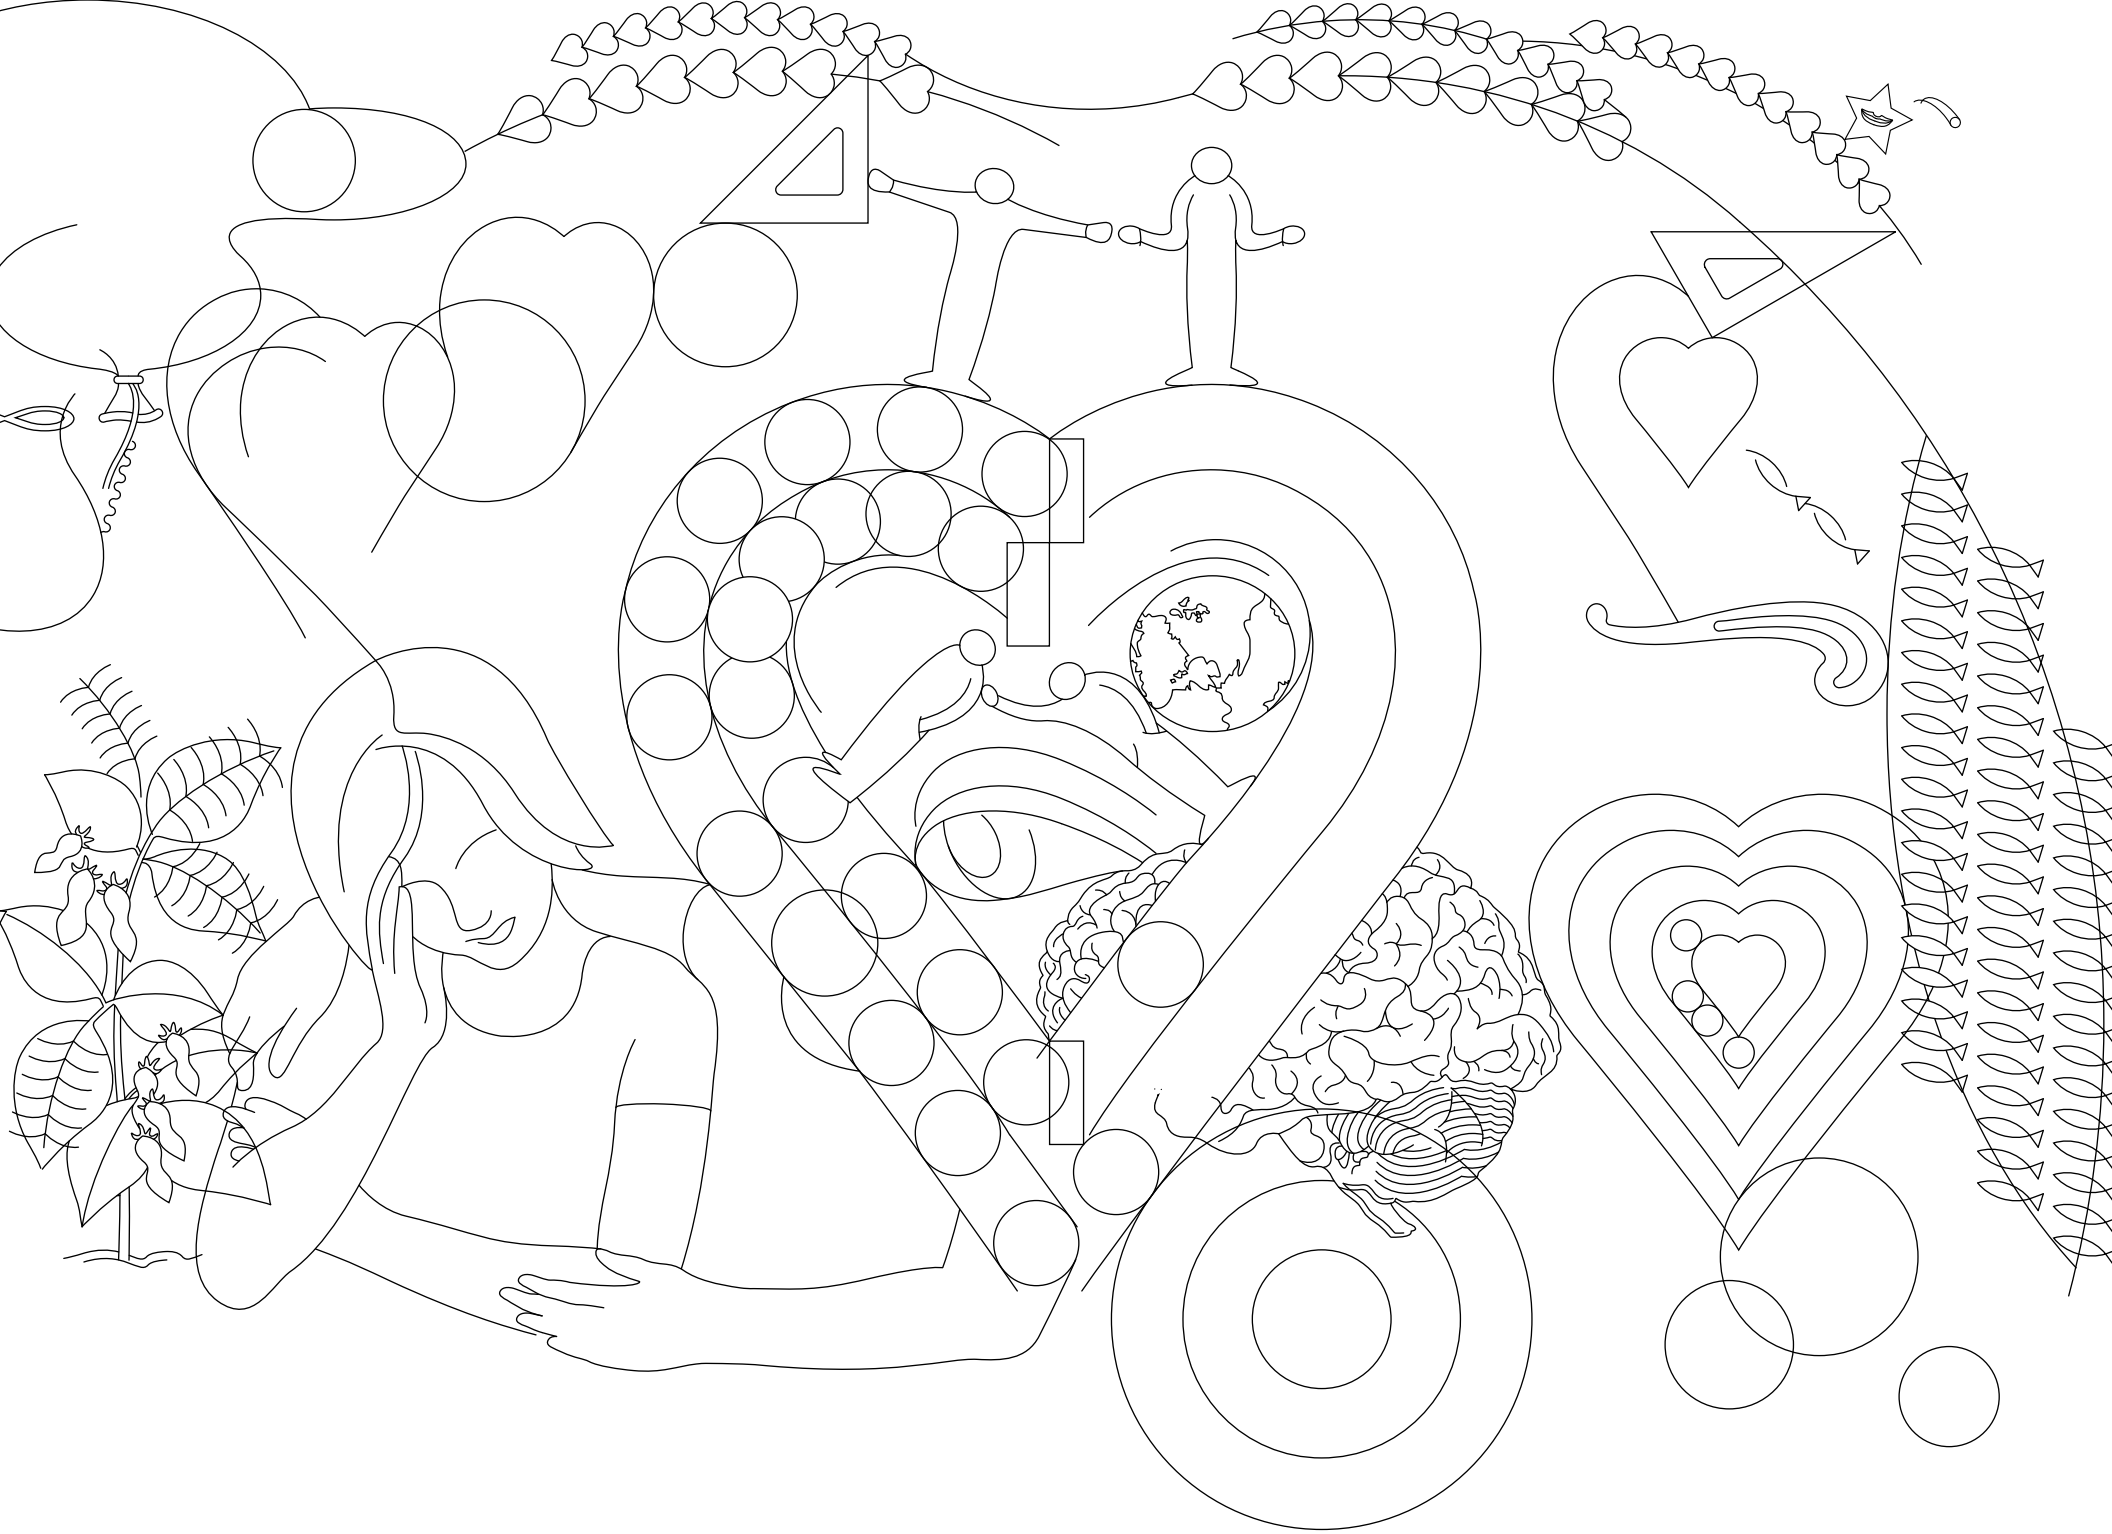

these happiest of momentums have started

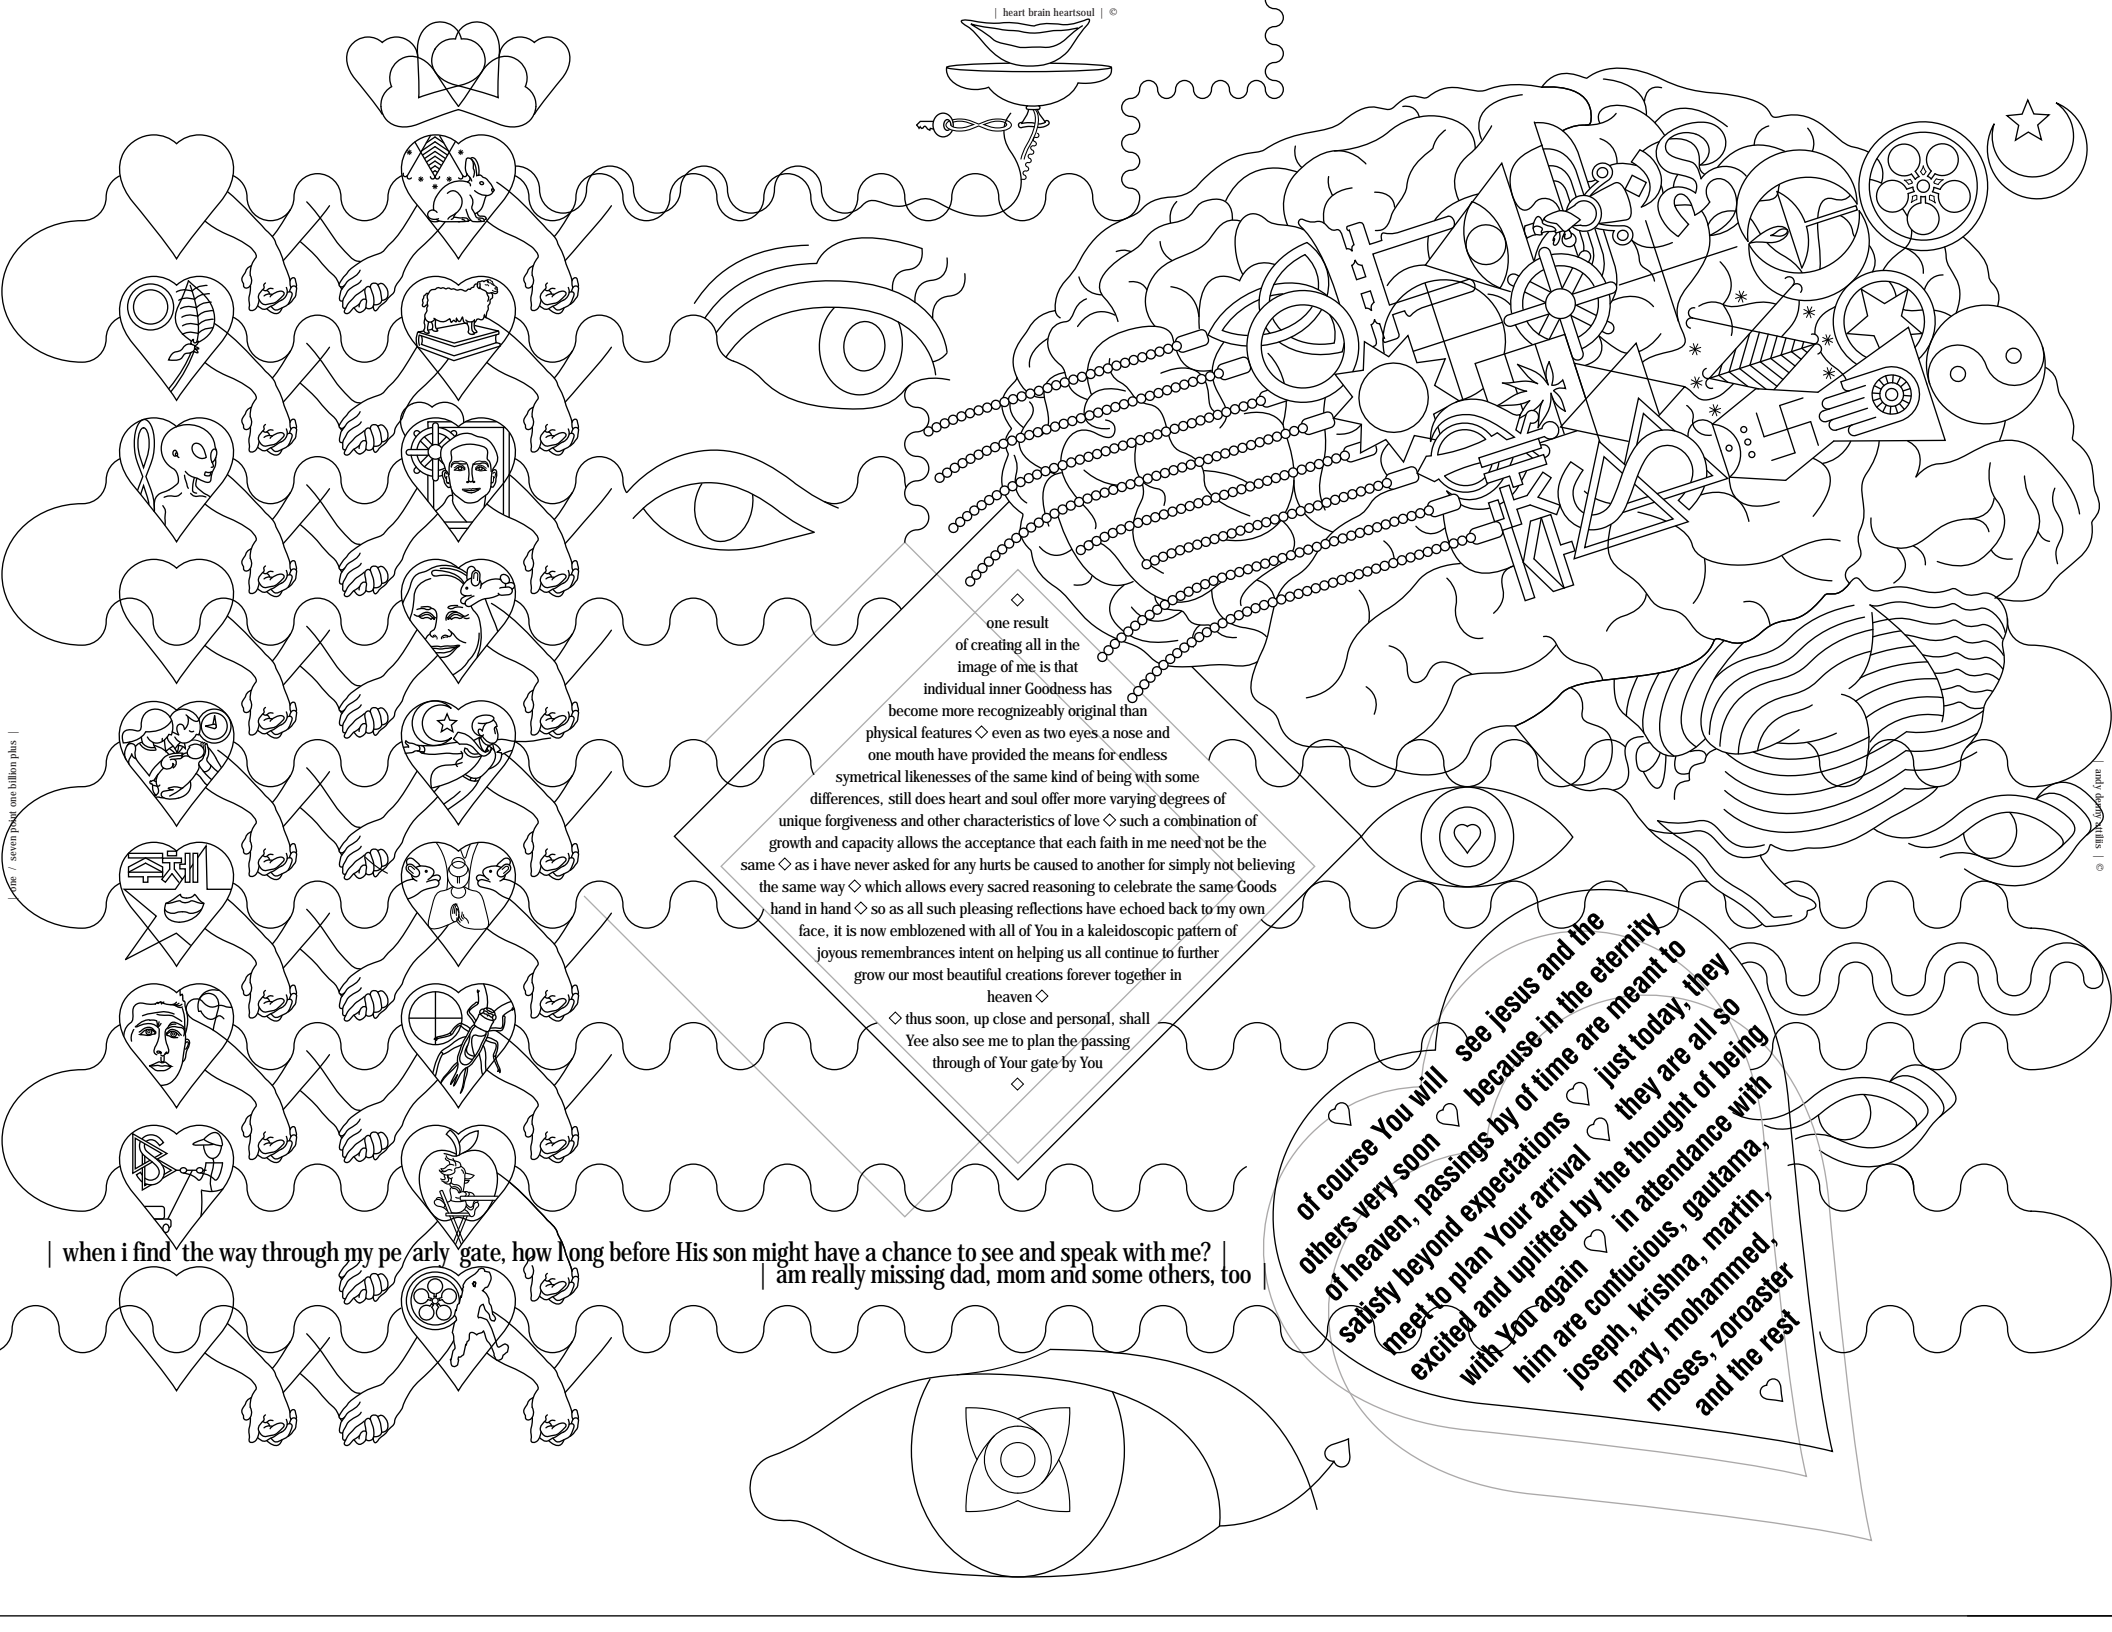

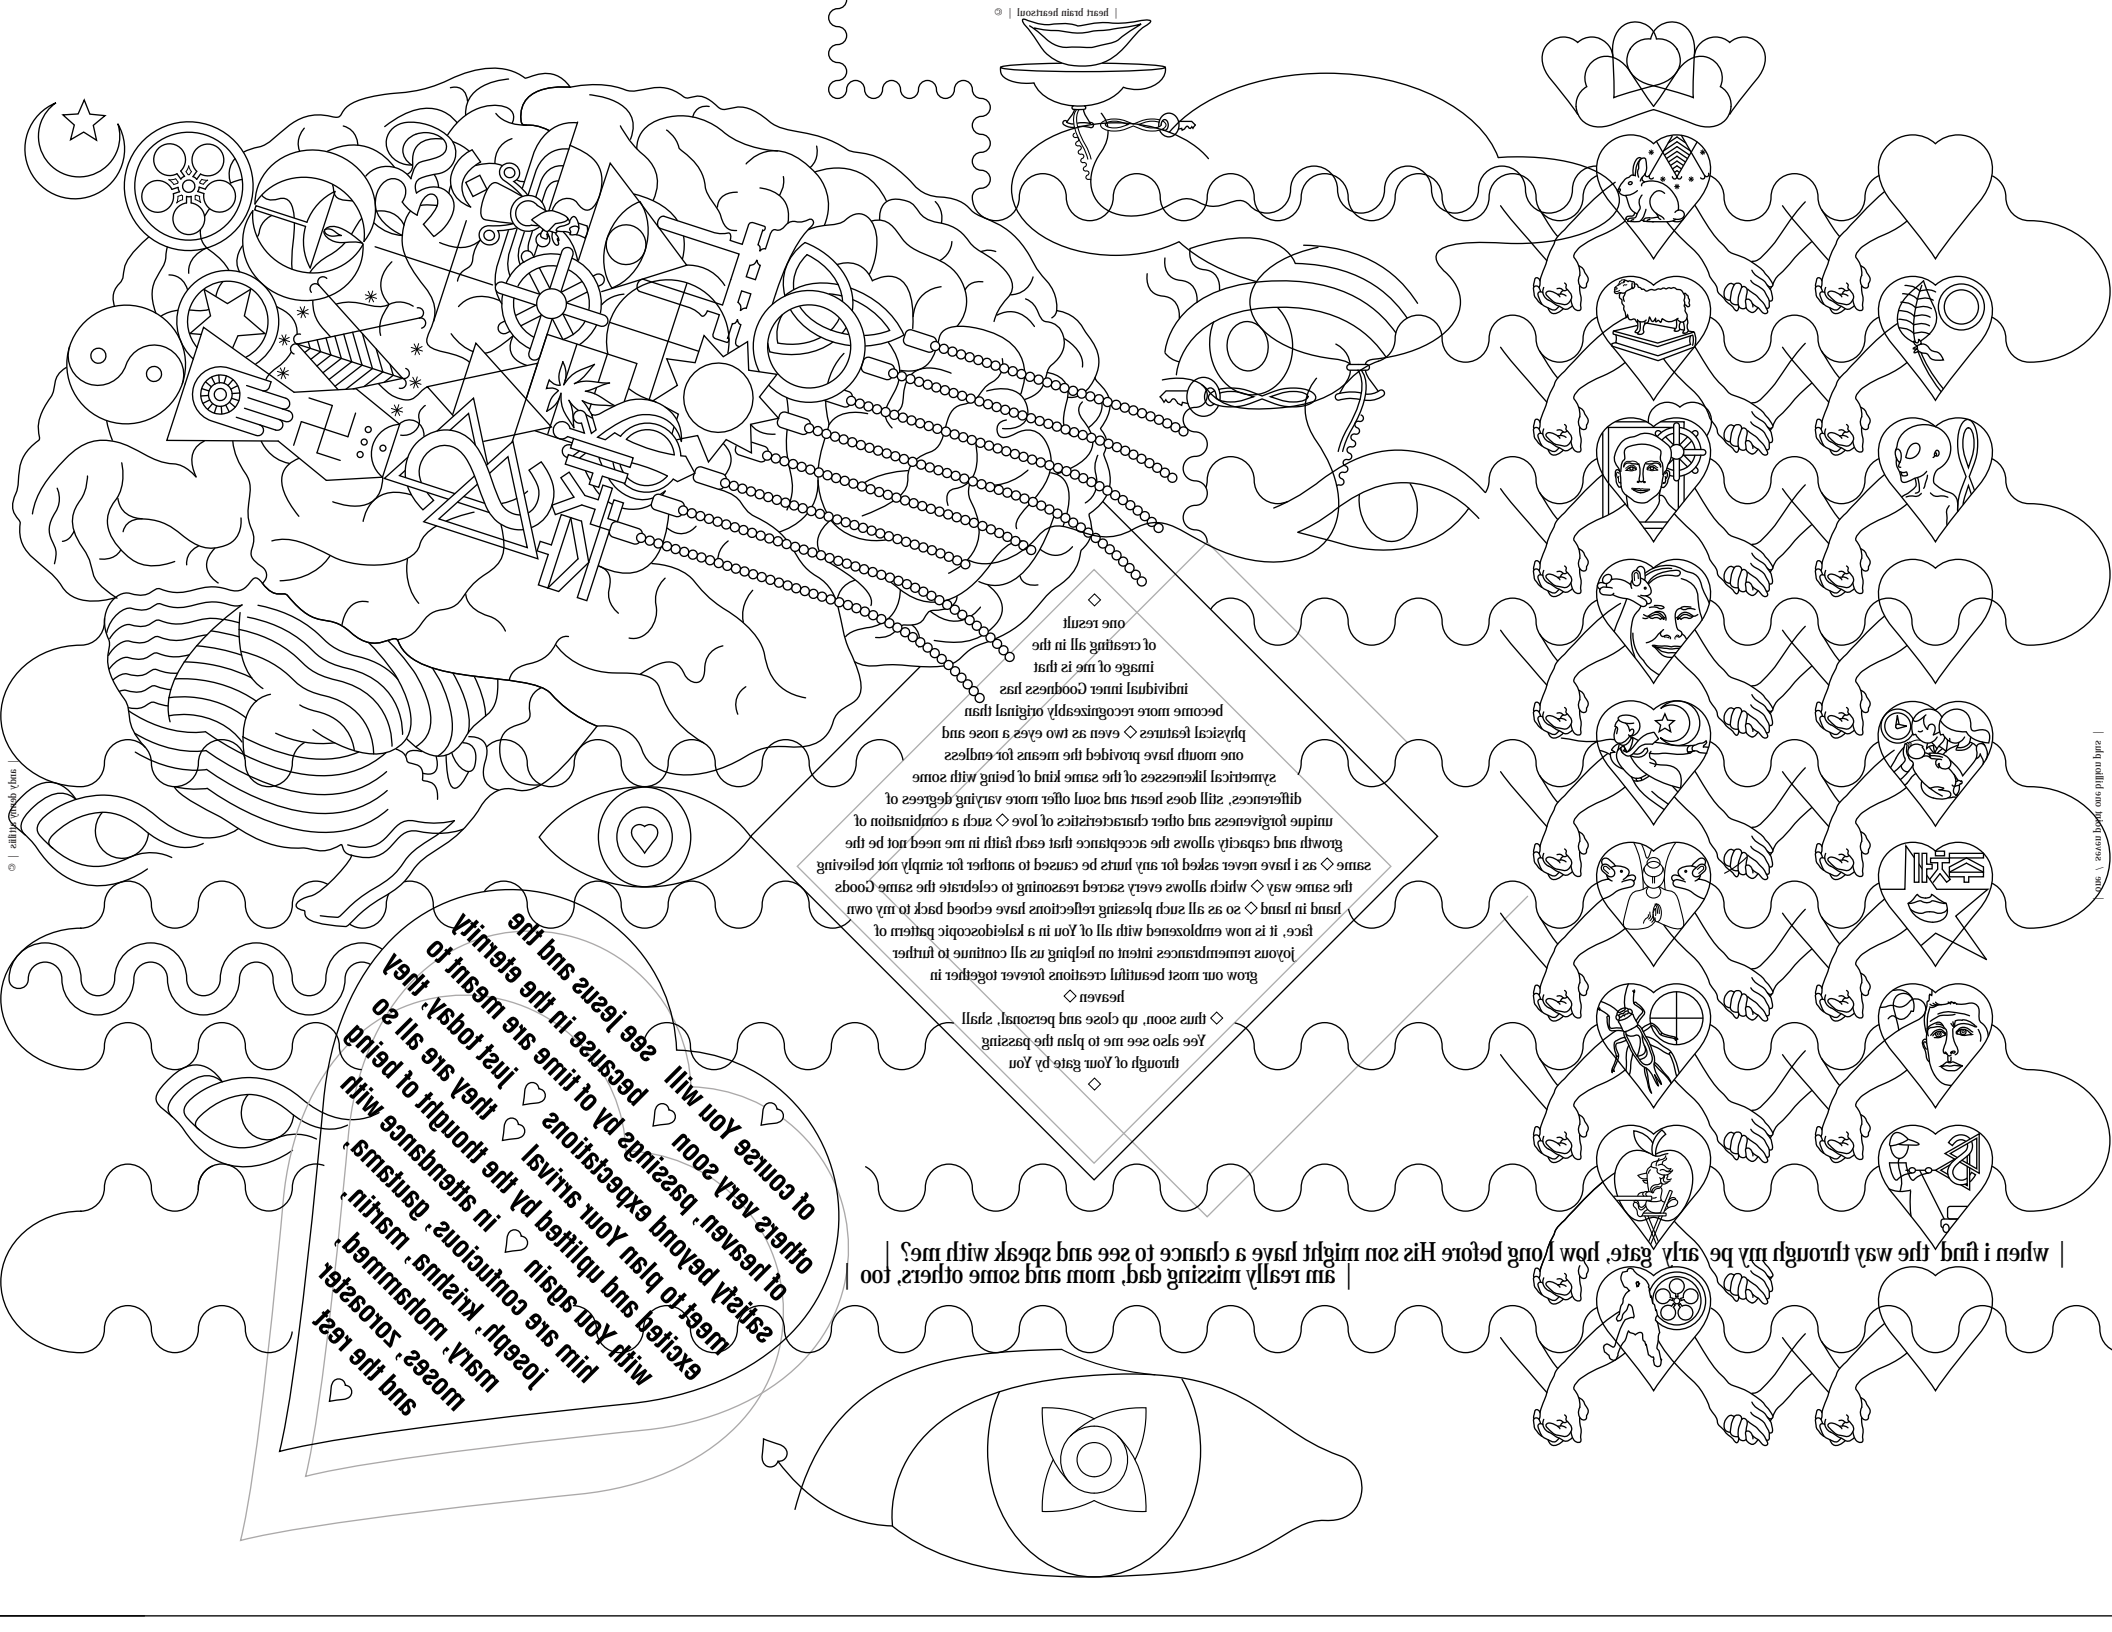

◇ one result of creating all in the image of me is that individual inner Goodness has become more recognizable original than physical features ◇ even as two eyes a nose and one mouth have provided the means for endless symmetrical likenesses of the same kind of being with some differences, still does heart and soul offer more varying degrees of unique forgiveness and other characteristics of love ◇ such a combination of growth and capacity allows the acceptance that each faith in me need not be the same ◇ as i have never asked for any hurts be caused to another for simply not believing the same way ◇ which allows every sacred reasoning to celebrate the same Goods hand in hand ◇ so as all such pleasing reflections have echoed back to my own face, it is now embossed with all of You in a kaleidoscopic pattern of joyous remembrances intent on helping us all continue to further grow our most beautiful creations forever together in heaven ◇

◇ thus soon, up close and personal, shall Yee also see me to plan the passing through of Your gate by You

of course You will see Jesus and the others very soon because in the eternity of heaven, passings by of time are meant to satisfy beyond expectations just today, they meet to plan Your arrival they are all so excited and uplifted by the thought of being with You again in attendance with him are confucious, gautama, joseph, krishna, martin, mary, mohammed, mooses, zoroaster and the rest

| when i find the way through my pe arly gate, how long before His son might have a chance to see and speak with me? |
