

Be involved and become an EASC Volunteer BUILDER!

Volunteerism is essential to the success of the EASC. Programs, meals, and our daily operations thrive with the help of individuals that are willing to give back to our EASC community members. Because of this, we have established the EASC Volunteer Builders group.

What is a Builder?

A builder is a volunteer that wants to help out and support our center when help is needed.

What does a Builder do?

Builders can volunteer to bake for events, serve at luncheons, help set up for programs, open/close the center when staff is unavailable, help run activities, and so much more!

What is expected of a Builder?

There are NO expectations other than... do what you are able to do. It is completely up to each builder to decide how much time and energy they are able to contribute. Pick tasks that you are comfortable with and that fit into your already busy schedules.

How do I become a Builder?

It's simple. Fill out the back of this page to designate you are interested in joining the Volunteer Builders group. Each month, Builders will receive an email from staff, listing tasks in which help is needed. Simply reply to the email indicating if you are available and willing to help with any of the tasks on the list.
