Traditional Wedding Package

The price for this package is \$495. Our process together for this package includes, performing the ceremony, ceremony creation, legal paperwork and 2 meetings (which includes a rehearsal or walk through and another meeting for me to get to know both of you more on a personal level). It also includes unlimited amount of communication - until we have created the ceremony and support for when you need to get your Marriage Licence. Regarding ceremony creation; I have a process that will guide you through this stage of your planning.

Elopements, small ceremonies and special circumstances

(under 25 guests or so):

With vows, rings, romance, the cost is \$350. This includes ceremony creation, performing the ceremony, unlimited communication and legal paperwork. The option to add on a meeting(s) is \$60. Ritual creation is an add on of \$60.

For Paperwork only - no ceremony:

I have \$200 paperwork only package if you meet me at my location in Simcoe or Port Rowan on the Lake. Packages are \$250 if a couple wishes for me to travel to their location to complete the paperwork-only.

I mention 'paperwork only package' because occasionally couples have a friend conduct the ceremony and I'm there simply to officially sign the legal paperwork either before or after their ceremony.

If a couple wishes for me to be there during the ceremony or an exact time of their wedding day, and do the signing only (not perform the ceremony), the cost is \$300. If the couple requires me to support them with the ceremony creation process/rehearsal, the cost is \$400.
