The Red Shed Dog Boarding & Daycare takes pride and care to ensure a safe, fun and healthy stay for your pet. We require that all vaccinations including Kennel Cough (Bordetella) are up to date and we require proof of these records prior to staying with us. There will be no exceptions. We maintain a clean, safe and inspected facility to provide a clean and safe kennel for your dog and can assure you proper and loving care. In the event of your dog getting sick or injured please be advised that we will contact you and your Vet clinic immediately upon discovery of the injury or illness. If we are unable to reach you, we will consult with your Veterinarian and decide the best treatment and options. Ultimately, if we are unsuccessful in contacting yourself and your Vet we will consult with our Veterinarian at Kirkton Vet clinic. Any fees for veterinary services will be added to the boarding fee. The Red Shed Dog Boarding & Daycare will not be held responsible for any veterinary fees incurred on behalf of your dog. I have read this contract and agree to the terms and conditions as stated. I confirm that I have disclosed any health concerns regarding my dog to you.
