

SMELL GOOD
NATURALLY

Svelto[®]

FERMENT BASE POWDER

Most of the time you must have stopped your breath while passing by urinals, sewages, garbage bins or any public place but now you won't have to anymore.

"Svelto" – The perfect solution to kill any bad odour around you for long duration.

What is Svelto?

Svelto is an ferment base powder. This works in chain reaction and produces animated bodies multi fold which gives long lasting effects and boosts decomposition.

How to use it ?

- ◆ Prepare the mixture by pouring 8g **Svelto** in 1 ltr. of water.
- ◆ Allow 6–8 hours for mixture to be ready to use.
- ◆ Use this fully blended mixture within 16–18 hours.
- ◆ You can use this mixture with small or large spray depending upon its usage.

Benefits

- ◆ Application of **Svelto** will get you 15–20 hours of freedom from unpleasant Svelto.
- ◆ It boosts decomposition by increasing bacteria count by 50–60%.
- ◆ Coverage approximate 8 sq.mt. per litre.

APPLICATION AND USAGE

- Public Urinals
- Toilets / EWC / Bio Toilets
- Garbage Bins / Garbage Carrying Vehicles
- Medical Waste / Post-Mortem Department
- Slaughter House
- Waste Management Plants
- Sewage Treatment Plants
- Around Open Drainage Line
- Biogas Plant

PRODUCT COMPARISON

Svelto	PHENYL / OTHER PRODUCTS
Works for 24 hours	Works for 1 hour
Eliminates all kinds of bad odours	Partial effect for very little time
Only works on smelly bacteria	Kills all types of bacteria
Boost biodegradation	Affects decomposition
Neutral smell. No other unbearable smell	Other unbearable smells occur
Cost effective since low dosage and high working period	Cost excess because of lesser working period
Works on heavy loads use	It fails on heavy use

Safety and Storage Precautions:

- Store in a cool enclosed storeroom. Avoid direct sunlight.
- In case of contact with eyes, rinse immediately with plenty of clean water.
- Safety precautions like rubber gloves, eyeglasses, masks, etc. During application advisable.
- By any chance if you swallow it, gargle your mouth with clean water. Consult doctor in case of emergency.
