The president of Winning Life Theological Seminary is working with Transworld Accrediting Commission International located in Riverside, California about sixty miles from where the seminary is located to accredit the School in the next few months. The Seminary has attained an **Associate Membership with Transworld Accrediting Commission International**. The Seminary is also liaising with *The Bureau of Post-Secondary Education and the California Department of Education to speed up the accreditation process*. With associate membership, students are guaranteed of **Standard American Christian Theological Education**.

Accreditation is the spring Board upon which every educational Institution strives and Triumphs. With an accredited institution, students are guaranteed to receive undisputed, high-quality educational training from **Winning Life Theological Seminary**. With accreditation, employers are confident to hire high caliber graduates from our institution to meet the needs of institutional and organizational challenges. Accreditation also assures employers that employees of an accredited institution will help improve their socio-economic, spiritual, and academic well-being.

In pursuit of accreditation, the president would like to reiterate that the school has several qualified faculties to meet the academic needs of students. The college is made up of qualified professors, instructors, lecturers, researchers, adjunct professors, assistant professors, associate professors and full professors of various ranks. Most of the instructors have proven record of ministry success in California and other states of the US. The school is imbued with qualified administrative staffs that undertake various faculty assignments for the enhancement of the College and students' welfare.
