MANAGEMENT PROPOSAL

"[REDACTED]"

NOVEMBER 12TH, 2024

PREPARED FOR

[REDACTED]

DEFINING THE EXPERIENCE

We handle every detail, focusing on clear communication, convenience, and the touches that make your time onboard unforgettable.

DETAILS

From beautifully arranged cheeseboards to perfectly folded towels, every detail is thoughtfully designed to enhance your onboard experience.

COMMUNICATION

Effective communication is our priority. When you reach out, we are committed to responding promptly and providing assistance with the utmost efficiency.

THE PLAN

We propose establishing a bi-weekly maintenance & wash schedule that includes two washes per month along with full systems checks during each wash, complete with a detailed report card. In addition, we recommend assembling an onboard emergency kit equipped with essential items such as a first aid, a spare set of impellers, fuel filters, oil filters, engine oil, coolant, and other key supplies. This kit will ensure that in the event of an issue on the water, we can expedite repairs and minimize downtime. This package will also include 5 hours of management each month along with monthly hull cleaning by a diver to keep the vessel in peak condition.

WASHES 2X/MONTH INTERIOR AND EXTERIOR

SYSTEMS CHECK 2X MONTH WITH REPORT CARD

ASSEMBLING ONBOARD EMERGENCY KIT

DIVER ONCE PER MONTH

5 HOURS OF MANAGEMENT INCLUDED
(HOURS DO NOT ROLL OVER)

BUDGET
