Most people don't think of **domestic violence** as being a public health issue. It's important to remember that domestic violence is not just a private matter that should be kept behind closed doors.

Domestic Violence affects the safety and well-being of millions of women and children worldwide. **One in three women** will experience domestic violence at some point in their lives, leaving lasting physical and mental health consequences.

The Women's Healing House believes every woman and child has a right to a life free of violence. Our mission is to lead and collaborate with the community to prevent, protect, and prevail over domestic violence through our faith and advocacy.

We need your support to raise unrestricted funds at the Domestic Violence Awareness Gala on **Friday Oct 20, 2023, at 804 Reservoir Avenue, Cranston, RI 02910.**

By attending the Gala, you are showing your commitment to ending domestic violence and creating a safer, more supportive community for all. Let's stand together against domestic violence and be the change we wish to see.
