

Project address & zip: \_\_\_\_\_

Front of House Faces: \_\_\_\_\_ (if not shown on plans)

<b>Foundation Type:</b>	Insulation Value:
Slab on Grade _____	
Pier and Beam _____	R value: _____
Raised Floor _____	R value: _____

<b>Exterior Wall Finish (select one only)*:</b>
Stucco _____
Vinyl Siding _____
Brick Face _____
Fibrous Cement Board _____
Wood Siding _____

<b>Type of insulation (select one please):</b>
Traditional Insulation _____ Foam Encapsulation _____

<b>Heating Type &amp; Efficiency:</b>
Natural Gas _____
Heat Pump _____
Electric Resistance _____ N/A**
Heating Efficiency (AFUE): _____
Heat Pump Efficiency (HSPF): _____

<b>Insulation Values:</b>
2x4 or 2x6 Walls? _____
Planned <b>Wall Cavity</b> Insulation R-Value: _____
Planned Insulated <b>Wall Sheathing</b> R-Value: _____
Planned Total <b>Roof/Ceiling</b> Insulation R-Value: _____
<b>Supply Duct</b> Insulation R-Value: R-6 or R-8? _____
<b>Return Duct</b> Insulation R-Value: R-6 or R-8? _____

<b>Cooling:</b>
A/C Efficiency (SEER): _____
A/C Size (Total Tons): _____

Mechanical located entirely within conditioned space? (circle one)	Yes	No
--	-----	----

<b>Water Heater Type &amp; Efficiency:</b>
Natural Gas _____
Electric _____
Planned Energy Factor? _____

<b>Window Frame Material &amp; Values</b>
Frame type: _____
Planned <b>U Factor</b> : _____ Planned <b>SHGC</b> : _____

<b>Roof Covering Material:</b>
Comp Shingle _____
Clay or Concrete Tile _____
Metal _____
Slate _____
Wood Shingles _____
Other _____

\*Select one only please, whichever has the greatest coverage.

\*\*Electric resistance heating is not an option for compliance in this climate zone.

Do you plan to use a <b>radiant barrier</b> ? _____	Y	N
(circle one please)		

Builder Name: \_\_\_\_\_

Date: \_\_\_\_\_

Note: The purpose of this form is for you to tell us what you would like to use in your project. If you use different insulation values or a different type of insulation during construction we will need to revise the Energy Code report. Revision fees will apply.
