Banyan Tree

B7 Em
 Banyan Tree did you steal those leaves
 you tried to grow your own ~~are~~ every winter
 but fate made you to fail and you stole them
 from someone else's flowers.

Banyan Tree where's your nest of birds
 They noticed now you're fake and left their houses
 and when was the last whistle you heard
 you used to hear a thousand.

 Banyan Tree, return those leaves.
 Banyan Tree, return those leaves.
 Banyan Tree, return those leaves.
 Banyan Tree, return those leaves.

B7 Em
 Banyan Tree have you lost your figs
 they thought your branches had already flowers
 your offspring won't exist without their seeds
 without the fruits you harvest.

B7 Em
 Banyan Tree does the water reach
 the leaves are going brown and darker
 and one by one they fall on the grass until
 you end up as you started.

Fade out... twice...?
